## AUTOMOBILES FIGURE IN TWO SERIOUS ACCIDENTS SUNDAY

### CAR RUNS INTO A DROVE OF MULES

Readle Casady, Driving Father's  
Automobile, and Orlestes Grunden  
Escape Serious Injury

### MACHINE LANDS IN DITCH

One of 13 Mules Being Brought to  
Anderson's Farm Had to be  
Killed—Others Hurt

Readle Casady, son of Mr. and Mrs. E. R. Casady, figured in an automobile accident last night about ten o'clock, when the big touring car which he was driving, ran into a drove of mules. The machine was turned completely around and turned over, but did not injure the occupants except bruise their shoulders, when it turned upside down. Young Casady and a boy companion, Orlestes Grunden, were in the machine and were going north on the Wayne road, when the machine was driven into a drove of mules brought to this city. The accident happened near the J. A. Parson home, about two miles north of Rushville.

There were thirteen head of mules in the bunch, and they were being driven from Hagerstown to the S. Anderson farm, south of here. A man who had sold them to Mr. Parson was in charge of them, and was making the delivery.

One of the mules received a broken leg and other injuries and had to be killed. One or two others were injured but will recover.

Because the night was so dark, the lights of the machine did not penetrate far enough ahead for the driver to stop the machine in time to avoid hitting them.

When the machine struck the mules it was turned around in the ditch and headed south again, and it turned completely over and landed in the ditch. The top was taken off, and both wheels on the left side were smashed into pieces.

Both the young men escaped serious injury, which is regarded as remarkable, as the machine was damaged to such a great extent, and the machine turned upside down, the shoulders of the two boys wedged against the car, but they were from these bruises, they were lucky enough to escape.

The mules were driven into a field the night following the accident and taken on to the Anderson farm this morning. One of the mules which was injured about the shoulder, was hauled on a truck, being unable to walk.

### AGAINST LABOR ALLIANCE

National Grange Votes Down Proposal to Join A. F. L.

Grand Rapids, Mich., Nov. 17.—Representatives of 600,000 American farmers and their wives Saturday declined an alliance with union labor. By an overwhelming vote the National Grange, in annual convention here, adopted, in reply to an invitation extended by Samuel Gompers for a conference in Washington following resolution: "The National Grange declines an invitation for a conference in Washington, December 23."

### WEATHER FOR WEEK

Washington, Nov. 17.—Generally fair weather is indicated for this week in the Ohio valley, with nearly normal temperature.

### MACHINE STRUCK BY AN INTERURBAN

Chester Cross Escapes Injury When  
He Drives in Front of I. & C.  
Car Sunday

### ACCIDENT WEST OF THE CITY

Fact That Interurban Hit Side Opposite  
One Where He Was Riding  
Saved Only Occupant

A big touring car belonging to Chester Cross was badly damaged yesterday afternoon about three o'clock, when it was struck by an I. & C. traction car at the Hackleman stop, just west of Rushville. Mr. Cross, the only occupant, escaped injury, which is considered remarkable, as the machine was badly smashed.

Mr. Cross stated that he slowed down when approaching the railroad crossing, and that he did not notice any traction car coming on the other track, so he proceeded. He was driving his machine north toward home, and the car was the westbound interurban which left here at 2:52 yesterday afternoon.

The right side of the machine was smashed in and the front wheel broken completely off. The radiator was smashed and the engine broken in several places. The running board on the side of the car which was struck was also broken, as well as the fenders.

Probably the fact that the driving seat was on the side opposite that which was struck, saved Mr. Cross's life. The steering wheel was not broken, and that side of the machine was not damaged.

Mr. Cross had been to Rushville, where he had unloaded a car load of cattle, and had sent them on to his home northwest of Rushville in charge of some other people. He was hurrying to get home before the cattle arrived.

Today Mr. Cross was stiff and sore from the sudden shock, but otherwise was not injured, which was regarded as fortunate. Many people stated today that had there been occupants in either the back seat or the front seat beside the driver, on the right hand of the machine, the accident would have proved much more serious.

The traction car had not gained full speed as the crossing is only a short distance from Rushville, and is on an incline from this city.

### NEWPOINT WOMAN KILLED

Ida Carr Hit by Freight Train While  
Walking Track

Greensburg, Ind., Nov. 17.—Miss Ida Carr, age forty-four, of Newpoint was killed Saturday night when she was struck by a westbound Big Four railroad freight train in Newpoint.

She stepped directly in front of the train and, it is believed, she became confused. Her eyesight was said to be defective. Her neck and left arm were broken and head bruised. She was on the way to visit a relative when the accident occurred.

### TWO LICENSES ISSUED

Marriage licenses have been issued to Clarence Borem and Ethel Hoffman and Howard I. Chomel of Connersville and Dena Reynolds, daughter of Mr. and Mrs. John F. Reynolds of this city.

### NOVEMBER TERM IS OPENED

Circuit Court Opens Today After a  
Week's Vacation

The November term of court opened this morning, and the first day was given over to the usual calling of the docket and the issues. The case set for tomorrow is the Terre Haute Brewing company against Gray. The calendar is well filled for the November term and a busy session is expected. In this term of court several persons held on the recent grand jury indictments will come up for trial. Several warrants are yet to be served, as the result of the grand jury investigations.

### WILL RESIGN TO BECOME SENATOR

Carter Glass Will Quit as Secretary  
of the Treasury, White House  
Statement Says

### ACTION IS URGED BY WILSON

(By United Press.)

Washington, Nov. 17.—Carter Glass will resign his post as secretary of the treasury to accept the senatorship from Virginia offered him by Governor Davis, it was stated authoritatively at the White House today.

Glass, final decision was made after President Wilson strongly advised that he accept the senatorship. Glass and Secretary Tammy conferred Saturday, it was learned.

It was reported that Glass preferred a legislative post to one in the cabinet. Another report stated that while Glass was not a sick man, he does not enjoy the best of health and the treasury post during the past year has been very strenuous work.

### AGREEMENT OF MINE WAGE SCALE LIKELY

Miners Have not Entirely Receded  
From Demands For 5-Day Week  
and 6-Hour Day

### MORE CONCILIATORY TROUGH

(By United Press.)

Washington, Nov. 17.—Active work of drafting a new mine wage scale for the central competitive field, the great soft coal district of the country, started here today.

Committees representing employers and workers met to draft the schedule.

Leaders representing other mine districts were to agree on a wage scale based on the rate arranged for the central field.

The miners have not yet entirely receded from the demands for a five-day week and a six-hour day but show a disposition to be conciliatory. Indications were that an agreement even only temporary would be reached.

Meanwhile reports were being received of miners returning to work in increasing numbers, although in many places hundreds refuse to go back.

Troops are being withdrawn from the coal fields, all fear of rioting having disappeared.

### FORMER RESIDENT DIES

Friends here have received word of the death of Elmer J. Rabb, a former resident of this city, whose death occurred at his home in Eureka, Ill., a few days ago. Mr. Rabb lived here a number of years ago, and moved to Eureka from this city. He was a member of the local order of Modern Woodmen at the time of his death.

### CHURCH SHOULD FASHION SOCIETY

W. N. Briney Says When it Fails to  
Serve and Teach, it Should  
Close Its Doors

### CHRISTIAN CHURCH REVIVAL

Louisville Pastor Addresses Two  
Large Audiences Sunday—Sub-  
jects For This Week

The revival meetings at the Main Street Christian church continue to grow in interest and attendance. At the Lord's day morning service a large and appreciative audience greeted the minister, W. N. Briney who is here from the Broadway Christian church of Louisville, Ky., where he has been the minister for the past fifteen years. Mr. Briney is not of the modern so-called evangelist who makes use of many schemes and tricks to excite and stampede his audiences, but is a plain and earnest preacher. He chose for his subject "Jesus at Church."

He showed from the scripture that Jesus was a regular church attendant from his youth on through life, and that he was there to see where service was necessary and to render service. He was there to teach and he proved himself to be the greatest teacher the world had ever known. From these truths the speaker pointed out the duty of the church member and the church towards society. The church and her members should be the first to see the necessity of service and render service, to see the necessity of teaching and to teach. When the church fails to teach and serve she should write a sign and nail it across her doors "closed". The church should be the fashion and model of society, he said. The music for the occasion furnished by Homer Cole and his orchestra and chorus choir, was excellent and highly appreciated.

The attendance at the evening meeting was the largest in numbers during the series of meetings. The large auditorium was filled to capacity and the Sunday school audience was comfortably filled.

The minister chose for his subject on this occasion "Does Death End All?" The minister stated that the human soul was the most valuable thing in all the world and that most men believed in the human soul. He showed that after all things had passed away and gone the soul still lives on and on forever through all eternity. He gave illustrations in number to show the smallness of man's conception of eternity. The fact that no one cares to die who is normal is proof of the existence of the soul, he declared. The argument was that man should care for his soul and seek salvation for it.

The music for this service was most splendidly rendered by Lloyd Nelson and Mrs. Georgia Wyatt Moore. The meetings will continue each evening this week, beginning at 7:30.

The subjects as announced by the minister will be presented as follows.

On Monday evening, "Shall We Know Each Other There?"; Tuesday evening, "The Gentleness of Godhood"; Wednesday evening, "Must I Do Anything to be Saved?"; Thursday evening, "Why am I a Disciple?"; Friday evening, "Voice of The Cross".

A general invitation is extended to all to attend these meetings.

### KNIGHT TEMPLAR MEETING

Rushville Commandery No. 49 K. T. will meet Wednesday evening at seven o'clock and confer the Temple degree upon two candidates. All Sir Knights are requested to meet promptly at seven for drill practice for inspection on November 25th.

### TAX RATES ARE FINALLY FIXED

All But Three Levies Are Greater  
Than Those Originally Made by  
State Commissioners

### TWO SAME AND ONE IS LESS

Majority of Increases Due to Raises  
in Tuition Rates—Rushville  
City Levy \$1.69

The tax rates of the various units in the county have been fixed definitely for 1920 and there will be no further changes made, it was assured at the county auditor's office today.

On October 20 the state board of tax commissioners sent the 1920 rates here, but all of them but three have been increased since that time due to raises for the most part in tuition and special school tax levies. The rates in two units, Carthage and Orange township, remain the same as originally fixed, and Washington township's rate was decreased one cent. The increases range from two cents in Jackson and Union townships and Glenwood to 21 cents in Rushville township outside the city.

About a week ago the state board sent a tax sheet here and asked the auditor to make all changes in rates which had been certified here. This the auditor did and returned the sheet, but that is the last word heard from the state commissioners. The auditor could wait on the state board no longer because of the necessity of making up the tax duplicates before January 1 and if any further changes are requested, they will be disregarded by the auditor, which is his right.

A few of the changes were made in the gravel road bond redemption levies as a result of a visit of a deputy from the state board's office here several days ago. He went over the gravel road bond redemption fund in each township and corporation and figured out the rate which would be necessary in each unit.

The levies and the difference between them and the rates fixed a month ago by the state board, are as follows:

Carthage, \$1.34, same; Ripley township, \$1.03, four cents more; Posey township, \$1.06, 16 cents more; Walker township, \$1.08, 11 cents more; Orange township, \$1.13, same; Anderson township, \$1.05, three cents more; Rushville township, \$1.15, 21 cents more; Jackson township, 97 cents, two cents more; Center township, 88 cents, 4 cents more; Washington township, 71 cents, one cent less; Glenwood, \$1.22, two cents more; Union, 96 cents, two cents more; Noble township, \$1.07, ten cents more; Richland township, 90 cents, three cents more; Rushville city, \$1.69, seventeen cents more.

The rates for each unit are divided as follows, the state, gravel road, flood bond and county levies not being mentioned in each division because they are the same for each. The state levy is 18 cents, gravel roads six, flood bonds one and county tax seven:

Carthage  
Tuition tax 17 cents, special school tax 15, township tax three, gravel road bonds and interest tax 25, library tax two, corporation tax 20, electric light tax 20. Total \$1.34.

Ripley Township  
Tuition 17, special school 15, roads 9, township 3, gravel road bonds 25, library 2. Total \$1.03.

Posey Township  
Tuition 14, special school 18, roads six, township poor 1 cent, township free gravel road bonds 32, library 1 cent. Total \$1.06.

Walker Township  
Tuition 15, special school 25, roads seven, township 13, gravel road bonds 18, school bonds 7, library one, township vocational tax 13. Total \$1.08.

Continued on Page Five

### WILSON WILL NOT ACCEPT THE TREATY

Informing Senator Hitchcock He Will  
"Pocket" it if it Contains  
Lodge Reservation

### TWO TALK NEARLY AN HOUR

President Directs Administration  
Supporters to Vote Against  
Ratification

### SUBSTITUTE IS PLANNED

If it is Voted Down in Senate, Hitch-  
cock Hopes to Agree on a  
Compromise

(By United Press.)

Washington, Nov. 17.—President Wilson today decreed defeat for the peace treaty resolution of ratification containing the Lodge reservation.

This was the outcome of a conference the president had with Senator Hitchcock, administration leader, this morning, according to Hitchcock.

The president, Hitchcock declared will "pocket" the peace treaty if it is ratified with the Lodge reservation. This means he will refuse to accept it.

Hitchcock and the president talked for nearly an hour in Wilson's sick room.

The president directed that the administration supporters should vote against the resolution of ratification being prepared by the senate and which contains the Lodge reservation.

If it is defeated, Hitchcock will place a substitute resolution of ratification before the senate and if this is beaten, he hopes for a compromise. However, if the administration senators do not succeed in defeating the first resolution the president will pigeon hole the treaty. He has the power to do this by simply laying the ratification aside.

The president is much better and is full of fight, declared Secretary Tammy today. After the conference with Hitchcock, President Wilson rode in the White House grounds in his wheel chair. This is the first time he left the white house since early in October.

### DEMANDS IMMEDIATE RELEASE OF JENKINS

State Department Makes Urgent  
Representations to Mexico  
Regarding Consul

### CHARGES TO BE BASELESS

(By United Press.)

Washington, Nov. 17.—The government had made urgent representation to Mexico for the immediate release of William Jenkins, American consul of Pueblo, arrested by Mexican authorities, the state department announced today.

Jenkins was arrested by Mexicans on the charge of having conspired with the bandits who recently kidnapped him, the alleged motive being to split the reward.

The state department understood that these charges are baseless.

Jenkins was released two hours after arrest but was forced to remain in his home.

### INDIANA MINES IDLE

Terre Haute, Nov. 17.—Mines in the Indiana coal fields were still idle today while mine workers looked toward formation of a new wage agreement.

**WORK IN M. M. DEGREE**  
Phoenix Lodge No. 62, F. & A. Masons, will have work in the M. M. degree Tuesday evening at 7:30 o'clock. A large attendance is desired.

## Mrs. L. Hixson Gains 36 Pounds

Had Been So Run Down She Could Hardly Stand on Her Feet.

"I only weighed seventy-nine pounds when I began taking Tanlae but now I weigh one hundred and fifteen and am feeling better than I have in seven years," was the unusual statement made by Mrs. Lucile Hixson, living at 2032 Broadway, Kansas City, Mo., a few days ago. "Before I began taking Tanlae," continued Mrs. Hixson, "I had become so weak from seven years of suffering that at times I wasn't able to stand on my feet. What I ate nearly always disagreed with me and caused awful pains in my stomach and made gas form so bad that I could hardly get my breath. I was badly constipated and had a pain across the small of my back and my nerves were upset. I was troubled with dull headaches just about all the time and often I had fainting, dizzy spells and I was never able to walk any distance before I felt exhausted."

"My uncle recommended Tanlae to me and now, since it has entirely overcome my troubles I will never get through praising it. I am not troubled with indigestion or gas at all and I am eating anything and everything I want and digesting it perfectly. Headaches and dizzy spells have all left me and my constipated condition has been relieved. My nerves are in fine condition and the pain across the small of my back has disappeared altogether. I have gained thirty-six pounds in weight, can do my housework by myself and I am stronger than I have been in years. Tanlae has certainly been the greatest blessing of my life and I will never be able to praise it enough for what it has done for me."

Tanlae is sold in Rushville by F. R. Johnson & Co.; in Milroy by Dallas Copper; in Manilla by Geo. J. Inlow; and Arlington by Mrs. L. T. Davis.—(Adv.)

## HOG PRICES STRONG TO TEN CENTS HIGHER

Market is Stronger in Indianapolis With Receipts 1000 More Than Saturday

### CATTLE MARKET IS LOWER

Hog prices were strong to ten cents higher in Indianapolis today with receipts one thousand more than Saturday and the cattle market was lower. Sheep continued steady. The corn market continued easy and oats steady and the price of neither was changed.

### ADMIT THEIR GUILT

Indianapolis, Ind., Nov. 17.—Homer and Mary Tharp of Newcastle indicted on charges of violation of the federal liquor law, changed their pleas from not guilty to guilty before Federal Judge A. B. Anderson today.

## Don't Risk the Flu—Kill that Cold!

DO YOU know that a bad cold is the beginning of most winter sickness? Can you afford to take chances on being sick—having the Flu—with doctor bills—and inability to work? Stop the cold right now when it is just starting—you can do it easily—in less than 24 hours if you take a few

### LIGHTNING LAXATIVE QUININE TABLETS Will Not Grip or Sicken

They are safe, reliable, satisfactory, used by thousands of households. You'll say they are the best possible treatment for a cold. Try them—only 25 cents at your druggist or dealer.

## OPERATION WAS A BIG SUCCESS

California Prison Doctors Experiment in Transplanting Interstitial Glands

### FROM YOUNG TO THE OLD

They Give "Jazz" to Old Men Who Feel Like Tapping The Fountain of Youth.

San Quentin, Calif., Nov. 17.—When Antonio Lapara, a handsome Italian of 29, is hanged at the prison here on Dec. 19, the youth that has put the spring in his step and the resonance in his voice will be transferred in a measure from his dead body to the living body of one of the old men prisoners.

The means employed will be the surgeon's knife, and the surgeon will transplant the reproductive interstitial glands of Lapara to the old man's body.

This will be the eleventh operation of this nature performed at the prison by Dr. L. L. Stanley, the prison physician, and Dr. G. Stanley Keller, his assistant. All of the ten previous operations have given a measure of youth to the old men who received the glands. They have created something of a sensation in the medical world.

The old man will be chosen from a score of volunteers who have faith in the operation and desire to tap the fountain of youth.

The doctors believe that with the glands goes nothing of the nature that caused Lapara to commit his crime against society. Lapara is sentenced for a blackhand murder. He is a big man of great vitality, and the doctors are waiting with considerable interest to see what measure of this vitality they can transfer to the body of the feeble prisoner to be chosen.

Much of the faith in the operation results from the changed appearance of a prisoner known as B—who daily is seen in the prison yards.

B is 73 years old. Before the operation he was old in every respect. His face bore deep wrinkles, and his step was feeble. He was old also in spirit. His face bore a hopeless look, according to the other prisoners, and his figure was stooped. Now he carries himself with assurance, and professes to have renewed youth. Many of the wrinkles have disappeared. He has lost the timid attitude of an old man and speaks with a deep and assured voice.

Here is published for the first time a copy of the official record of Dr. Stanley who implanted reproductive interstitial glands in B's body:

"B is 73 years old. He was never married. On pleading guilty to a crime indicating prevarication he was sentenced to life imprisonment.

"B was received at San Quentin in October, 1917, at which time his weights was 126 pounds, age 70. He had been a bank clerk and rancher.

"At this time physical examination showed him to be bald, pale, hearing impaired, most of his teeth missing, poorly nourished and poorly developed. Otherwise in fair condition.

"He readily consented to the transplantation, which was performed on June 20, 1919.

"The donor in this case was half-bred Indian boy, age 19 years, who was hanged for the murder of a saloon man, whom he and his accomplices wished to rob.

"Within half an hour after the donor's death, the operation was performed.

Local anaesthesia of novocain, one fourth percent, was used. There was no pain.

The following notes were made at ward visits:

"June 21—Wound slightly sore. No marked change since operation.

"June 22—Feels better this morning.

"June 23—Feels fine. Wound clean.

"June 24—Notes similar to June 23. Regular diet.

"June 25—The nurse in his chart notes as follows: "Patient since operation has improved mentally and physically. Eyes are brighter, and he is more active mentally and physically than a man many years his junior. Appetite excellent. Nerves are steady. Anxious to be about doing something of interest. Before operation was naturally reticent, but is now positively emphatic. Summing up the whole demeanor of the patient six days after operation, he has more pep and jazz and increased mental energy than most men many years his junior. At ward rounds patient remarked that he felt like a fighting cock. Said he wanted to get out to hit someone."

"The patient, according to the record, was able to be up on July 10.

"Incorporated in the record is a letter from B—in which he states he is quite sure he has received a new lease on life and that it will be of permanent value.

B told the United Press, over four months following the operation that he felt like a young man. There was nothing retiring about him.

"I hope to be paroled from prison," he said, "and if I am, I shall marry if I find the right woman."

Mrs. Con Gruell of the Little Patrick neighborhood, who underwent an operation for appendicitis Thursday at Dr. Sexton's hospital, is getting along nicely.

## BACKACHE? RHEUMATISM? RUN-DOWN?

Those of us who are past middle age are prone to eat too much meat and in consequence deposit lime-salts in the arteries, veins and joints. We often suffer from twinges of rheumatism or lumbago, sometimes from gout, swollen hands or feet. There is no longer the slightest need of this, however, as the new Prescription of Dr. Pierce's Anuric Tablets (anti-uric-acid) is found to give immediate results in ridding the impure blood of its noxious way of the kidneys. It can be obtained at almost any drug store, by simply asking for Dr. Pierce's Anuric for kidneys or backache. It will overcome such conditions as rheumatism, dropsical swellings, cold extremities, swelling and burning urine and sleeplessness due to constant arising from bed at night.

If you wish to give "Anuric" a trial send Dr. Pierce's Anuric Tablets, Buffalo, N. Y., ten cents for a trial package.

## Many of Your Neighbors Can Say the Same

Goshen, Ind.—"I wish to state that I used Dr. Pierce's Anuric Tablets about four and one-half months, and am cured of rheumatism and constipation, after suffering about eight years. Anuric is the greatest blessing that ever was bestowed upon me. If any one who is suffering would like to ask me any questions in regard to 'Anuric,' I will gladly answer, or do anything in my power to help suffering humanity."

—ARTHUR J. BICKEL, 614 North Main Street.

## Store Your Car Where You Will—But Store Your Battery With Us

We will give your battery the kind of attention which it rightly deserves when out of service.

We will look after it regularly, give it expert attention all winter long, relieve you of this detail and see to it that your battery does not deteriorate unnecessarily during the idle period.

If you're going to "lay up" your car for the winter, it will pay you to learn more about battery storage at the "Exide" Service Station. Give us a call, regardless of the make of battery you are using.

Bussard Garage

## GUARANTEE

## WHAT IT MEANS

The lawful meaning of the word "guarantee" is this: The guarantor and the person receiving the guarantee become parties to a contract. The third party to this contract is the article guaranteed. When the Spreader is guaranteed for five years against all flaws and defects, etc., in workmanship or material or construction, this MEANS something and becomes a real PART of this modern machine.

Our guarantee is issued on a special form provided by the factory and goes to the factory for official signature and to be made a record of. This is REAL protection.

I don't want to sell you the "RUSHVILLE SPECIAL" Spreader because of the guarantee alone, but this guarantee should show you that you are protected and that the builders know what they can do and are prepared to do it.

The reason the "RUSHVILLE SPECIAL" Spreader can be guaranteed in this manner is because of the style of general construction and because the factory that builds it makes every part and piece that goes into it. This factory is not an assembling institution, but a real manufacturing plant.

We want to again emphasize the fact that this spreader is selling as cheap and perhaps more cheaply today than it will be in many, many months to come. Don't therefore, delay your purchase. Buy it now—immediately. Take advantage of what it can do for you. Don't put off this good thing. It won't pay. Come in and see the "RUSHVILLE SPECIAL" Spreader.

RUSHVILLE, IND.

## Hog Cholera Controlled

In 1914 our United States government made a large appropriation to finance a move in fifteen counties of fifteen different states to demonstrate that hog cholera could be controlled. The service of the veterinarians were offered to the farmers, yet the vets under instructions refused to vaccinate or treat a hog until after they had killed and dissected the sickest pig or hog where they were called.

Afterwards, reports show that every hog sick and dissected was found to be absolutely full of worms from four to seven inches long. The vets explained that hogs badly infested with these worms were weakened to such an extent as to render them many more times susceptible to disease, cholera in particular. They explained further, that in several large herds of hogs through which cholera had run its course there was from one to two or three individual hogs constantly among the dead or dying that never showed a sign of disease. The vets explained that these immune hogs were entirely free from intestinal worm and explained that if all hogs were kept absolutely free from worms, as very few hogs are, that outbreaks of cholera would SELDOM or NEVER occur.

## Acme Worm Bouncer

positively expels the free intestinal worms and prevents those worms which are the cause of over ninety per cent of the diseases common to hogs for the small sum of six cents per month. Hogs and feed at the present prices, no feeder can afford to take the chances of worms and over ninety per cent of the disease when those conditions are and can be prevented by the use of ACME WORM BOUNCER, fed in self feeders.

### Personal Points

—Will Bliss was a visitor yester-  
day in Indianapolis.

—Miss Verdelle Bean arrived  
home from Cincinnati Saturday.

—William Dagler was the guest of  
friends Sunday in Indianapolis.

—Mrs. A. L. Aldridge spent the  
day with friends in Indianapolis.

—Charley Wilson was among the  
passengers this morning to Indian-  
apolis.

—Mr. and Mrs. Cary Jackson left  
today for St. Petersburg, Florida, to  
spend the winter.

—I. L. Endres spent the week-end  
in Peru, Ind., with his wife and  
daughter who are visiting there.

—Mrs. F. E. Walker of this city  
spent yesterday in Connersville, the  
guest of Mr. and Mrs. J. C. Hokey.

—Mrs. Russell Skipton of Pitts-  
burg is visiting her mother Mrs. C.  
G. Clark, and family, for a few  
weeks.

—Mrs. Mary Brown has gone to  
Greentown, Ind., for an extended  
visit with her brother, Mr. Pay, of  
that city.

—The Misses Marie Schultz and  
Geneva Geissel of Indianapolis, were  
the week-end guests of Mr. and Mrs.  
Clen Miller.

—Mrs. Irving Blue and Mrs. Ber-  
tha Buzatt of Indianapolis were the  
guests of Mr. and Mrs. Will Mere-  
dith Sunday.

—Earl B. Riley has gone to Chi-  
cago for a few days and later will  
go west, probably to Denver or some  
point in California.

—Mr. and Mrs. Marion Banta of  
Chicago have arrived here to spend  
the winter. They will reside in their  
property in West Fifth street.

—Dr. and Mrs. E. L. Wooden  
have been called to Olney, Ill., on  
account of the serious illness of  
their daughter, Mrs. Katherine Wie-  
land.

—Mrs. O. F. Bassard and Mrs.  
George Moore were among the In-  
dianapolis passengers this morning,  
where they spent the day with  
friends.

Mr. and Mrs. Roy Jones have  
moved from the Gullin property in  
North Morgan street to their new  
home in North Perkins street which  
has just been completed.

—Miss Pearl Coers of Manila,  
Miss Lona Chaney of Glenwood,  
Ralph Winslow and Roger Kennedy  
of Carthage, attended the dance at  
Greensburg Thursday night.

—Mr. and Mrs. W. T. Simpson  
will leave tomorrow for their home  
in Roswell, New Mexico after an ex-  
tended visit here with Mr. and Mrs.  
B. O. Simpson and other relatives.

## EIGHT MILLION HERE DO NOT SPEAK ENGLISH

Senator Kenyon Presents Report  
From Committee on Education on  
Americanization Bill

55 PERCENT NATIVE BORN.

Washington, Nov. 17.—In present-  
ing a report from the committee on  
education and labor on the Ameri-  
canization bill Senator Kenyon said  
there were over 8,000,000 in this  
country over ten years of age who  
can neither read, write nor speak  
the English language and at least 55  
per cent of them are native born.

The bill was reported by the com-  
mittee following its investigation of  
the steel strike in the course of  
which the members personally visited  
parts of the Pittsburgh steel dis-  
trict.

Senator Kenyon said the spirits of  
darkness in this country that were  
determined to overthrow the govern-  
ment mistook the spirit and purpose  
of America.

"America will not hesitate to deal  
them with an iron hand," said the  
Senator. "America will not toler-  
ate anarchy. But America must  
awaken to the dangers and America  
must not falter or equivocate. An  
awakened nation of over 100,000,000  
does not propose that a few  
hundred thousand anarchists and  
bolsheviks shall overthrow this na-  
tion of hope and this land of oppor-  
tunity."

He believed Americanization  
would help get rid of these impossi-  
ble characters and help solve the  
problems of labor and capital.

## CANDIDATE EXHIBIT JACKSON DAY DINNER

Democratic Party Leaders Are Cast-  
ing About for Plans for Event  
January 8.

AFFAIR MAY NOT BE HELD.

Washington, Nov. 17.—Democra-  
tic party leaders are casting about  
for plans and specifications for the  
Jackson Day dinner January 8.

It may be the dinner will not be  
held because of the President's ill-  
ness but if it is held there is talk  
that the democratic candidate for  
1920 will be brought forth and un-  
veiled at this function.

Some aver that President Wilson  
may run again but this is not gen-  
erally believed here, in view of his  
condition, and likewise in view of  
the results of recent elections which  
are not at all encouraging for the  
third-term advocates.

If the dinner is given and those  
present are given to understand  
they can freely discuss other can-  
didates than Mr. Wilson without  
fear of White House displeasure  
and punishment, it is expected a  
long list of names will be up for  
consideration and contemplation.

The list will include Palmer, Mc-  
Adoo, Baker, Pomerene, Hitchcock,  
Clark, Underwood, Marshall, Cox,  
Daniels, Bryan, Owen and several  
others. They will be put on exhibi-  
tion and the diners given a chance  
to assess their merits.

Sleep?  
Does a dry cough  
keep you awake?  
**KEMP'S BALSAM**  
will stop the tickle  
that makes you cough.  
GUARANTEED.

## Thanksgiving Linen

EVERY woman adores fine, snow-  
white table linens, and for the  
time-honored Thanksgiving feast she is particu-  
larly careful that none but the best are used. These  
particular housewives whose linens are not up to  
their usual high standard of excellence, and are  
planning the purchase of a new supply, will be  
especially interested in our linen section.

Our department was never more complete than at  
the present. We consider this quite fortunate  
taking into consideration the situation of the linen  
market today.

### EXTRA FINE SETS

1 set all pure warranted linen, 81x81 cloth—1  
dozen napkins to match—size of napkins 22 inch  
—complete set, priced at \$20.00.

1 set 72 inch Square Cloth—round patterns—1  
dozen napkins to match at \$15.00.

1 set extra heavy all linen, an excellent quality,  
81x81 cloth—1 dozen napkins to match—set com-  
plete for \$23.50.

Hem-stitched Luncheon Set—Cloth and one-half  
dozen napkins at \$5.50.

1 Luncheon Set, 13 pieces—cloth and 2 sets of  
doilies at \$4.50.

Cloths—2 and 2 1/2 yards square, priced \$3.00 to  
\$5.00 each.

### LUNCHEON SETS

1 set pure linen—cloth and one dozen napkins—  
size of cloth 72x72—set complete \$12.50.

1 set warranted pure linen, 72x90 cloth and one  
dozen napkins—a beautiful set at \$13.50.

SEPARATE NAPKINS, AND LINEN BY THE  
YARD

Napkins in mercerized and linen qualities—a won-  
derful assortment of patterns priced from \$2.00  
to \$12.50 per dozen.

Some excellent extra heavy all pure linen napkins  
priced at \$10.00, \$11.00 and \$12.50 a dozen.

Linen by the yard worth from 90c to \$1.90 in the  
mercierized.

All linen at \$2.25, \$3.00, \$3.75 and \$4.50 per yard.

SPECIAL—One assortment of good patterns in dark and light Outing Flannels—  
35 cent grade at a yard

### TWO KILLED AT CROSSING

Fort Wayne, Ind., Nov. 17.—Two  
persons were killed and one so se-  
riously injured that he will die, when  
an Ohio electric interurban car  
struck an automobile at Tillman's  
crossing, fifteen miles east of Fort  
Wayne, at 4 o'clock Sunday after-  
noon.

The Olympic games were to have  
been held in 1916 in Berlin, but  
were called off on account of the  
war.

## What we have to say about The New Edison

Those who wait until the holiday rush starts  
will have to take whatever models are left.  
Though the NEW EDISONS are scarce and  
our ability to get shipments from the factory  
is far behind last year's, we will put one in  
your home at once on very liberal terms. It  
is becoming increasingly difficult to get cer-  
tain models at this time, and if you are con-  
templating using your XMAS SAVING for  
one of these instruments we will be glad to  
accommodate you with the instrument at  
once, or select what you want for later de-  
livery.

Don't Put Off Buying The EDISON. Prices from \$41.00 to \$6,000.00

## World Freedom For Children

The International Working Women's Congress convening in Washington adopted unanimously a recommendation that all nations enact legislation prohibiting industrial labor by children below the age of 16, and by children over 16 who have not completed a course in the elementary school and been declared fit by a medical officer.

It may not seem very radical for this country, where agitation for these provisions is an old story, and where in some states there are laws covering this very ground. But consider the children in China if this recommendation could be enforced!

What a leap forward it would give the whole world if children everywhere could be given freedom and fun and education, physical and mental, for the first sixteen years, without the press of hard labor.

The adult laborer who has toiled at gainful occupations before his child is seldom a competent, skilled workman. Even if he becomes that by some miracle, his health suffers. And his education has already suffered by the mere fact of laboring while he should have been at school or at play.

Bits of household or out-door work, a child, of requirements and duration proportionate to his health and strength, which teach him to be helpful and give him skill and strength, should be part of every child's life. They are a needful factor in his education.

But labor at gainful occupations does not belong to childhood. It is extravagant both for the child and for the community. Children in China and England and Arabia and our own cotton mill states are no exception to this rule. The International Working Women's Congress has done well to recognize these facts.

## Push Yourself Along.

Some people sit through life waiting for others to push them along. If they are shoved aside in the scramble they are peeved. Their talents have not been properly recognized.

If they are forgotten in the hurry-hurry they become a grouch. The world is topsy-turvy.

"ONLY ONE THING  
BREAKS MY COLD!"

"That's Dr. King's New Discovery for fifty years a cold-breaker!"

NOTHING but sustained quality and unfailing effectiveness can arouse such enthusiasm. Nothing but sure relief from stubborn colds and crushing new ones, grippes, throat-tearing coughs, and croup could have made Dr. King's New Discovery the nationally popular and standard remedy it is today. Fifty years old and always reliable. Good for the whole family. A bottle in the medicine cabinet means a short-lived cold or cough. 60c. and \$1.20. All druggists.

## Regular Bowels Is Health

Bowels that move spasmodically—free one day and stubborn the next—should be healthfully regulated by Dr. King's New Life Pills. In this way you keep the impurities of waste matter from circulating through the system by cleansing the bowels thoroughly and promoting the proper flow of bile.

Mild, comfortable, yet always reliable, Dr. King's New Life Pills work with precision without the constipation results of violent purgatives. 25c. as usual at all druggists.

## Sap and Salt

By BERT MOSES

Big men come from small towns.

The first rule of health is to thoroughly chew your food.

Why try to pick a winner when it is so much easier to pick a loser.

Bad teeth have kept many a child from getting a good education.

Hez Heck says: "Among the other joys of being boss is that of having to pay the bills."

It would help a whole lot if the people had a little more power and the Government a little less.

And so they drift along from one year to another, peevish, growling, grumbling through life to the doleful tune of their own shiftless incompetency.

It's a mistake—the wrong perspective of existence.

Life is too short to worry about the fellow who lags behind.

The man who won't push must expect to be shoved.

Pushing is a great game. It gets you somewhere. The harder you push the farther you go, and if you push hard enough and often enough and long enough you can reasonably expect to push yourself to the top.

Push with a will and a purpose and with a definite goal in view. Set your aims so high that it makes you dizzy even to dream of them—and remember that only pushing will get you there.

You may not reach the pinnacle of your desires, but you will climb to heights which will stamp you a man of men.

The pusher is a man of parts.

The laggard is but part of a man.

A man who wanted to cut the h. c. of I. bought a goat for \$25. Now he is suing the former owner, on the ground that the goat kicked so he couldn't milk her. What does he expect of a goat, anyway?

Now former Chancellor Von Bethmann-Hollweg says that he was responsible for the Kaiser's speeches. The world thought better of Bethmann-Hollweg than that.

Congress, by the way, shouldn't object so much to criticism. There has to be some national goat, and that's one of the things congress is for.

The labor congress at Washington seems to be getting about as much done as congresses there usually do.

Wonders will never cease. A coroner and an assistant secretary of war want their jobs abolished.

PURDUE ENTERS NEW  
FIELD OF ENDEAVOR

Short Course to Teach Telephone Operation and Maintenance is Started Today

TO CONTINUE UNTIL DEC. 12

(By United Press.)

Lafayette, Ind., Nov. 17.—Purdue university today launched into a new field of endeavor—the teaching of telephone operation and the maintenance of telephone lines.

A short course designed for telephone operators, operators and others interested in telephone operation was opened under the direction of the school of electrical engineering. The course will continue until December 12.

Lectures and demonstrations will feature the course. There will also be a series of thirty practical problems beginning with fundamentals and progressing through work on instruments parts and circuits, and then dealing with trouble location. The course is free of charge, each student to furnish his tools.

## MEETINGS UNDER BAN

Public meetings have been put under a ban by the Shelby county health commissioners because of an epidemic of scarlet fever in that town. One serious case and a number of minor ones are reported, but physicians say there is no cause for great alarm.

SOFT COAL MINERS  
LIKELY TO RETURN

Peace in All Industrial World Sees as Possible Outgrowth of Conference

## MINING CONGRESS OPENS

American Organization Represents The Large Owners and Operators of Mines in U. S.

(By United Press.)

St. Louis, Nov. 17.—Return of the national soft coal miners seemed likely today as mine operators and striking miners' representatives gathered here for armistice negotiations.

Peace in all the industrial world was seen as a possible outgrowth of the sessions being attended by American Federation of Labor officials, representatives of capital, the public and government officials.

The new "conference of Versailles" opened in conjunction with the twenty-second annual convention of the American Mining congress. The convention will be in session five days.

The American Mining congress represents the large owners and operators of mines throughout the United States. Samuel Gompers, president of the American Federation of Labor, government officials and public delegates were invited to gather with the congress in a final hope of bringing warring capital and labor to an understanding.

Findings of the National Industrial Conference, held in Washington three weeks ago, will be put before the gathering. The decisions of the United Mine Workers of America reached at the recent Cleveland convention and proceedings of the Coal Wage conference in Buffalo also will be considered. These will form a working basis for the conference.

Seeking adjustment of industrial conditions the following program was announced as a guide for the conference.

Proposed nationalization of industry.

Industrial relations.

Relation of mining to labor.

Relation of mining to government—state and national.

Relation of mining to national finance.

Freight rates in relation to industry.

Conservation and protection of wasting industries.

National blue sky laws.

Public lands and water power.

International petroleum situation as related to the United States and Mexico.

Increased production in mining and on industry.

The National Exposition of Mines and Mining, expected to be the largest held in the middle west, and a national gold conference of War Minerals Producers will be held during the week in conjunction with the congress.

Industrial troubles of the nation are the fault of:

Minimum level of production of coal, metal, and oil with maximum costs for labor, supplies and transportation.

Inflation of national currency.

Continued demand of labor radicals for nationalization of basic industries, and

Labor's demand for shorter hours to prevent idleness.

That is the summary of the situation as outlined in the call for the "unofficial" round table peace conference.

## NOT A THEORY

It's a fact that the use of alcohol even in moderate doses as taken in tonics is often habit-forming in effect.

SCOTT'S  
EMULSION

an easily assimilated tonic-nutrient supplies the body with those elements that contribute to strength. Free from alcohol or any other harmful element, Scott's builds strength by nourishment.

## Our Daily Laugh

New and Bright Yarns That Will Tickle You and Will be Relished by Your Friends When You Repeat Them.

Wilkins hadn't been home for a year, and he hastened to the Walters homestead, hoping to meet one or two of the family who nestled deep in his affections; particularly Lady Betty. As he trailed the picket fence a rather active dog busied himself yapping and snarling at him. The dog was a newcomer. He'd never seen a dog in that homestead in prior years. Lady Betty appeared at the porch and called:

"Come right in! So glad to see you, Dave."

"Thanks," said Dave, keeping an eye on the dog, "glad to see you—"

"Come in! Come in—"

The dog was overly-active and trying to leap across the fence.

"I say, Betty, will that dog bite?"

"That's what I don't know. Come in! I only bought him this morning."

(Contributed by Miss Mary Jamison, 709 Madison Ave., York, Pa.)

Contributions will not be returned unless stamped envelope, bearing your address, is enclosed. Mail stories to contest editor, Daily Republican.

The first paper mill in the United States was built in 1860 on the present site of Philadelphia.

## GRANDMOTHER KNEW

There Was Nothing So Good for Congestion and Colds as Mustard

But the old-fashioned mustard-plaster burned and blistered while it acted. Get the relief and help that mustard plasters gave, without the plaster and without the blister.

Musterole does it. It is a clean, white ointment, made with oil of mustard. It is scientifically prepared, so that it works wonders, and yet does not blister the tenderest skin.

Gently massage Musterole in with the finger-tips. See how quickly it brings relief—how speedily the pain disappears.

Use Musterole for sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bitten feet, colds of the chest (it often prevents pneumonia).

30c and 60c jars; hospital size \$2.50.

# GOES ON TRIAL FOR MURDERING POLICEMAN

Upshaw Northington, Colored Giant, Accused of Killing Sergt. Hull in Indianapolis

## DURING RAID ON CRAP GAME

(By United Press.) Indianapolis, Ind., Nov. 17.—Upshaw Northington, the black giant of Indianapolis' darktown, was to go on trial in criminal court here today on a charge of murdering Police

Sergeant Wade Hull. Hull was shot several weeks ago when he and a squad of other officers raided a crap game in which Northington was said to have been "rolling" the bones. The negro, known among his associates as "Big Boy," is charged with having fired a gun at Hull when the sergeant burst into the room where the game was in progress. Northington escaped then, but was captured and formally charged with the murder. He has stolidly maintained his innocence. The city police department was thrown into a furor by Hull's murder. A net was spread tightly over

Indiana avenue—the Fifth avenue of the capitol's negro district—and games of chance were raided on every side.

## FRANKLIN CAR Reliability and Air Cooling Superiority Again Demonstrated by a 98.2 Mile Non-Stop Low Gear Run Ending at Top of Famous Mt. Washington

ON August 17th, a Franklin stock model touring car ran all the way from Portland, Maine, to the top of Mt. Washington in New Hampshire on low gear without a stop. This remarkable feat is the latest public proof of the superiority of Franklin Direct Air Cooling (no water to boil or freeze).

This car, just such a one as thousands of Franklin owners are driving all over the country, carried three official observers besides its driver and averaged 11.1 miles per hour—on low gear.

The Franklin had already run ninety miles on low gear without a stop before reaching the base of Mt. Washington—in itself a test never duplicated by other cars.

Then, without halt, came the real test the Franklin had set out to perform—a climb to the top of Mt. Washington, an elevation of 6290 feet.

Direct Air Cooling, eliminating Radiator, Water, and 176 other Delicate Parts, means less Weight, less Trouble, greater Simplicity, and better Results, as this test shows.

Rain soaked, slippery roads; no chains; no stops permitted—these were the added difficulties to a performance generally considered impossible even under the best conditions.

But the Franklin reached the summit overcame the final obstacle of a 27% grade in perfect running shape and returned to Portland the same day.

By official observation, the Franklin did not show the slightest trace of wear and tear or overheating, its

engine performing with absolute regularity on all grades as well as on level going.

Ability for eighteen years to demonstrate consistently this kind of performance is what has made the Franklin known as the most practical fine car.

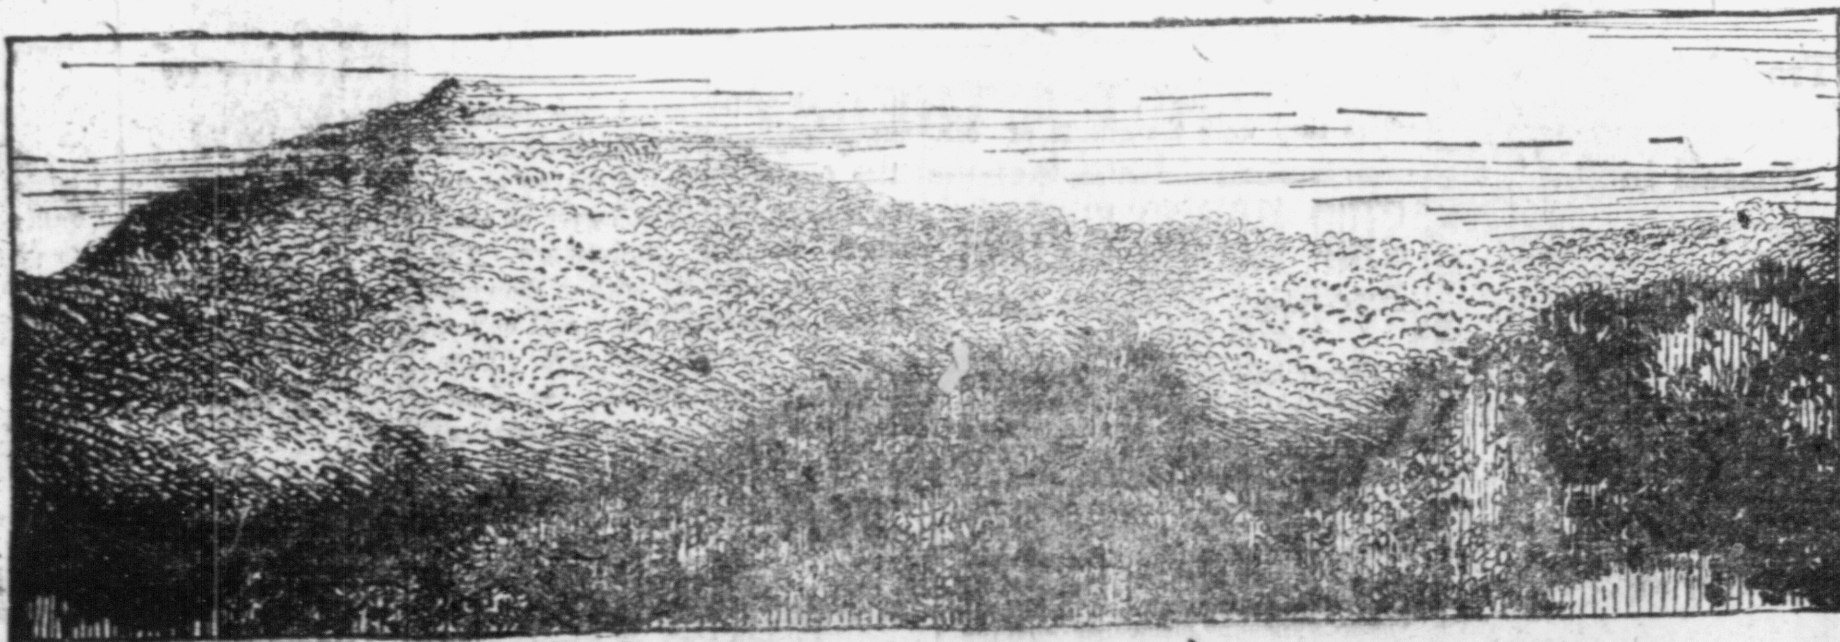

20 miles to the gallon of gasoline  
12,500 miles to the set of tires  
50% slower yearly depreciation

Mr. and Mrs. Paul Foster entertained at a six o'clock oyster supper Sunday evening Mr. and Mrs. D. C. Brooks.

The Rebekah Crochet club will meet Wednesday afternoon at the home of Mrs. Charles Ryan in North Jackson street.

A dance will be given tomorrow night in the Sampson hall in Arlington. A grand march will be one of the features for the evening. Everybody is invited to attend.

The meeting of the Tuesday Afternoon Bridge club which was to have been held tomorrow afternoon at the home of Mrs. Albert Capp, has been postponed for two weeks.

Mr. and Mrs. William Martin entertained with a dinner party yesterday the following guests, Dr. and Mrs. Walther and family and Mr. and Mrs. Thomas Bishop and family.

Several relatives and friends of Mr. and Mrs. Clyde Fry delightfully surprised them Saturday evening with a pitch-in supper. Music and games were the amusements during the evening.

The Ladies Aid Society of the First Baptist church will have a call business meeting Wednesday afternoon at two o'clock in the church parlors. All ladies are requested to be present.

Mrs. William Churchill entertained at dinner yesterday Mr. and Mrs. Owen Churchill and family of Connersville. The afternoon guests were Mr. and Mrs. Clem Humes and family, and Mr. and Mrs. Harold McCrory.

The Ladies Aid Society of the St. Paul's M. E. church will meet tomorrow afternoon at the home of Mrs. Clara Bebout in North Morgan street. The assisting hostesses will be Mrs. Sam Morgan and Mrs. Minnie Abernethy.

The Ladies Aid Society of the First United Presbyterian church will be entertained at the home of

## HAVE COLOR IN CHEEKS

Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study. Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color.

To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause. Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects.

They start the bile and overcome constipation. Millions of boxes are sold annually at 10c and 25c. Take one or two nightly and note the pleasing results.

Mrs. Sarah Kennard in West Second street tomorrow afternoon at two o'clock. All members of the society are urged to be present.

A pitch-in supper will be given Thursday evening, Nov. 20 at the I. O. O. F. hall to which all Rebe-

kahs and their families are invited to attend and take their baskets well filled. Supper will be served as near seven o'clock as possible.

Mr. and Mrs. Lowell Vickrey of near Falmouth had as their dinner guests yesterday Mr. and Mrs. Russell Baker and daughter of Raleigh, Mr. and Mrs. Burl Hinchman and daughter, Mr. and Mrs. Fred Martin and Mr. and Mrs. Hugh Diekey.

The Ladies Missionary Society of the First Presbyterian church will meet at the home of Mrs. Lou Link in North Perkins street Tuesday afternoon at 2:30 o'clock. All ladies of the church and congregation are invited. Mrs. C. E. Liddle will have charge of the meeting.

Mr. and Mrs. Elmer Drake, Mr. and Mrs. Jesse Drake and Mr. and Mrs. John Ellerman of this city were visitors yesterday in Connersville where they were the guests of Mr.

and Mrs. H. P. Wrights, and attended a birthday dinner given in honor of Mrs. Wrights.

Mr. and Mrs. James Morris entertained yesterday at their home north of Rushville with a three course dinner party. The following guests were present: Mr. and Mrs. H. M. Cowing and daughter Pauline and Mr. and Mrs. Charles Osman, all of this city, and Paul Kramer of Muncie.

Miss Henrietta Coleman entertained yesterday morning at her home in East Sixth street with a beautiful luncheon-breakfast honoring her house guest, Miss Agnes Hodgkin of Indianapolis. A french basket of fall flowers formed the centerpiece for the table and pretty cards marked the places for the guests presents.

Mr. and Mrs. Allen Jackman entertained yesterday at their home in Milroy the members of their immediate family with a dinner party, the occasion being in honor of their fiftieth wedding anniversary. The table was adorned with a bouquet of pink chrysanthemums and covers were laid for Mr. and Mrs. Dora Jackman, Mr. and Mrs. John Jackman, Ned Jackman, and Lawrence and Frank Jackman, who are attending Purdue university at Lafayette, Ind.

A beautiful three course dinner party was given by Miss Helen Seudder, Saturday evening, at her home in West Second street, honor-

## STOP ITCHING ECZEMA

Penetrating, Antiseptic Zemo Will Help You  
Never mind how often you have tried and failed, you can stop itching, itching eczema quickly by applying Zemo furnished by any druggist for 35c. Extra large bottle, \$1.00. Healing begins the moment Zemo is applied. In a short time usually every trace of eczema, tetter, pimples, rash, blackheads and similar skin diseases will be removed. For clearing the skin and making it vigorously healthy, always use Zemo, the penetrating, antiseptic liquid. It is not a greasy salve and it does not stain. When others fail it is the one dependable treatment for skin troubles of all kinds. The E. W. Rose Co., Cleveland, O.

There is a **Dr. Scholl** Appliance or Remedy For Every Foot Trouble  
Nov. 17 to 22 will be Dr. Scholl's Demonstration Week  
Fred McGinnis, A Graduate Practipedist Will Demonstrate Foot Comfort Here

This store will signalize this nation-wide week of foot comfort demonstration by Grand Demonstration conducted by our graduate Practipedist. The scientific methods of relieving foot discomforts which he learned in the course given by the

A Complete Line of Dr. Scholl's Appliances Always at Your Service

American School of Practipedics

of which he is a graduate, will be put to practical use in correcting the causes of foot suffering in our patrons. YOU are invited to come in and let him carefully

Examine Your Feet and Advise You Free

No matter whether your trouble is severe or trivial, whether it is a mere corn or a badly fallen arch, the Practipedist can and will show you how it can be readily and quickly relieved. He uses the same methods which were originated and so successfully used by

Dr. Wm. M. Scholl

the eminent authority, in his work as a foot specialist. Allowing our Practipedist to examine your feet will not obligate you in the slightest. He will merely determine what the cause of your trouble is, give you advice on foot care and show you how you can, when ready to do so, have that trouble corrected and gain

Real Foot Comfort.

### This Building Pays Dividends

Good farmers found out long ago that the better livestock is housed the more it pays for its keep. A good barn, whether it be for dairy cows, mixed stock, grain storage, or general purposes, is a farm structure that never fails to pay dividends on the investment.

#### Build the Barn You Need

The barn shown in this cut is a big, complete, thoroughly modern structure. We have blue prints and working plans for it, and can give you complete and accurate cost estimates. If this building is too large for your needs, we have others, smaller in size, that may just suit you—and we have the plans for them, too.

### Amusements

#### Comedy Tonight at Princess

Tom Moore will be seen tonight at the Princess in "Thirty a Week", which is a story of romance with many interesting situations of adventure, disappointments and obstacles. It is a picture which is bound to please, as it is along the usual line of comedy pictures of which Tom Moore is noted. A Barton Holmes travel picture will also be shown in connection with the Tom Moore picture. Tomorrow William Russell will be seen in "Sacred Silence", a story of supreme sacrifice for a woman's honor.

#### Jim Corbett at Mystic

James J. Corbett will be at the Mystic tonight in the sixth episode of "The Midnight Man," which is entitled, "The Elevator Man." An L-Ko comedy and a news reel will also be on the program.

"Dust of Desire" is the title of the latest World release, which will be shown on Tuesday at the Mystic theatre, and it will be interesting news for the patrons of this theatre to learn that this production is one of the most dramatic and intense pictures of the year.

A newcomer in screen stardom is Rubye de Remer, whose interpretations of Beth Vinton, the society girl, thrown on her own resources and making her living by maintaining a tea house for New York's society people, and who, in order to marry the man she loves, tells him a lie about her past, is fired with the deep dramatic qualities which have marked her character portrayals upon the speaking stage.

The story of "Dust of Desire" is by Clara Beranger, the well known story and scenario writer, and Forrest Halsey, the novelist. It is intense and gripping from start to finish.

Back Hurt?

When the kidneys do not properly do their work or purify the blood stream, waste products and poisonous acids remain in the system and cause backache, rheumatic pains, lumbago, sore muscles, swollen joints, stiffness, lame back and similar symptoms.

Foley Kidney Pills

regulate and restore the healthy, normal action of kidneys and bladder, bringing clean blood and better health, with freedom from aches and pains.

J. George Hodgins, Bennington, Vt., writes: "Last fall I was attacked with lumbago and suffered untold agony. I had a severe pain across my back and at times could not dress or undress myself. I was advised to take Foley Kidney Pills for my trouble. After taking them for a few days the pain in my back left me and I have not had any lumbago since that time, although that was months ago. I recommend Foley Kidney Pills to all who have lumbago."

F. B. JOHNSON

ADDITIONAL SOCIETY

(Continued From Page 6)

ing Miss Frances Frazee and Miss Ruth Innis, two bride-elects. The color scheme for the decorations of the home was yellow and white. A large bouquet of Aaron Ward roses and smilax formed the centerpiece for the table and miniature brides and bridegrooms marked the places for twenty-nine guests. The out-of-town guests present were Mr. and Mrs. George DeHority of Elwood, Mr. and Mrs. Arthur Wagner of Shelbyville, Mrs. Maude Shields of Chicago, Ill., Jay Drum and Louis Frazee of Miles City, Montana.

Friends and neighbors of Mr. and Mrs. Nick Myers completely surprised them Friday evening at their home near Glenwood. Games, music and dancing were enjoyed until a late hour when a delicious pitch-in supper was served. The guests were Mr. and Mrs. Forrest Brooks, Mr. and Mrs. Vernon Brooks, Mr. and Mrs. Earl Ruff, Mr. and Mrs. Russell Ruff, Mr. and Mrs. Tom Mosburg, Mr. and Mrs. Russell Coons, Mr. and Mrs. Elmo Hires and family, Mr. and Mrs. Harry York and son Harold, Mr. and Mrs. Dan Laughlin and daughter Martha, Mr. and Mrs. Ray Carpenter and daughter Frances, Mr. and Mrs. Gordon Chaney and daughter Lona, Mr. and Mrs. Jas. Peterson, William Coers, Clarence Carney, Charles Chaney and the Misses Mable and Pearl Coers.

Denning Havens was a gracious host at a prettily appointed tea Sunday evening at his home, 536 North Perkins street, for Miss Frances Frazee, whose marriage to Jay D. Drum of Miles City, Montana, will take place tomorrow. One hundred guests were present, including a number from out of the city.

Shades of various hues concealed the lights which cast a mellow glow through the rooms of the house and fall flowers were arranged tastefully in wall pockets and vases.

Miss Helen Schnell, harpist, and Earl Miller, violinist, both of Indianapolis, played during the evening and Miss Agnes Hodgins of Indianapolis sang.

Serving the guests were the Misses Charming, Lavina Compton, Elizabeth Pierson, Mary Louise Wyatt, Helen Thomas, Helen Gray, Reba Beale and Marguerite Kelly.

Guests from a distance were Mr. and Mrs. Arthur Wagner of Shelbyville, Miss Hodgins, Byron Moore, William Lally, Jack Crawley and Walter Nicholas of Indianapolis, Mrs. Earl Smith of Delphi, Mrs. Maud Shields of Chicago, Mr. and Mrs. George DeHority of Elwood, Mrs. Allen Messick of Marion, Mrs. Russell Skipton of Pittsburg, Mrs. Wesley Kelly of Minneapolis, Miss Essie Mae Frazee of Connersville and Lewis Frazee and Mr. Drum of Miles City, Montana.

SEEKS TO REGAIN ITS COMMISSION

Spiceland Academy Will Give Assurances That no Public Funds Will be Received

VIOLATED STANSBURY RULING

Representatives of the academy at Spiceland, near the Rush-Henry county line, the high school commission of which was revoked by the state board of education, conferred with Ele Stansbury, attorney general of Indiana, and E. B. Wetherow state high school inspector, in Indianapolis Saturday. The board revoked the high school standing of the school upon the recommendation of Mr. Wetherow on the grounds that the institution is receiving state funds in defiance of the provisions of an opinion of Mr. Stansbury. It is alleged that the school had received public money on account of transfers of high school pupils to the school.

It is said representatives of the school will appear before the board at its next meeting and make an attempt to have the board rescind its former action. It is also said that the school will give assurances that no public funds will be received in opposition to the law as interpreted by state officials.

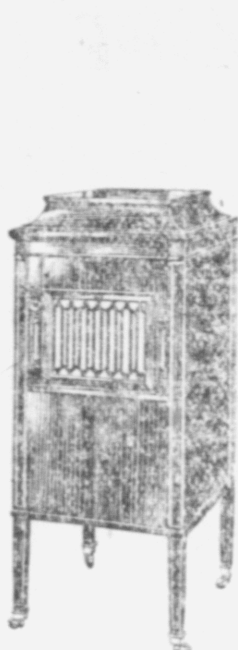

FLORA SUTTON IS FINED

Mrs. Flora Sutton, who was placed in jail Saturday on a charge of defrauding a boarding house keeper, was arraigned late Saturday afternoon before Mayor Irvin and entered a plea of guilty. She was fined a dollar and costs which was paid. The charges were preferred by Mrs. Zelma Levi of West Second street.

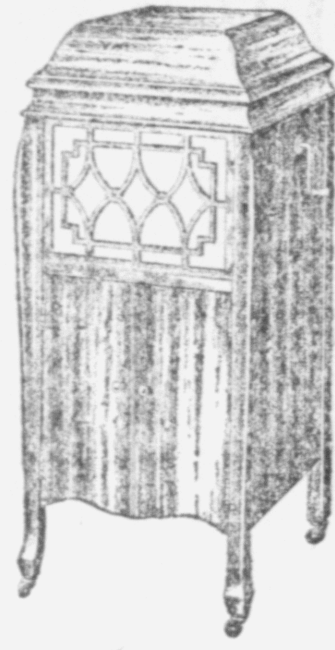

A curious consonant change in the Dakota Sioux language took place when the Dakota Sioux branched from the remainder of the tribe and substituted the Letter L for the letter D throughout the language. Otherwise the languages are similar.

## AUTOMOBILES FIGURE IN TWO SERIOUS ACCIDENTS SUNDAY

### CAR RUNS INTO A DROVE OF MULES

Readle Casady, Driving Father's  
Automobile, and Orlestes Grunden  
Escape Serious Injury

### MACHINE LANDS IN DITCH

One of 13 Mules Being Brought to  
Anderson's Farm Had to be  
Killed—Others Hurt

Readle Casady, son of Mr. and  
Mrs. E. R. Casady, figured in an  
automobile accident last night about  
ten o'clock, when the big touring  
car which he was driving, ran into  
a drove of mules. The machine was  
run completely around and turned  
over, but did not injure the oc-  
cupants except bruise their should-  
ers when it turned upside down.

Young Casady and a boy compan-  
ion, Orlestes Grunden, were in the  
machine and were going north on the  
Wayne road, when the machine  
was driven into a drove of mules  
being brought to this city. The ac-  
cident happened near the J. A. Par-  
son's home, about two miles north-  
west of Rushville.

There were thirteen head of mules  
in the bunch, and they were being  
driven from Hagerstown to the S.  
Anderson farm, south of here. The  
man who had sold them to Mr.  
Anderson was in charge of them,  
and was making the delivery.

One of the mules received a broken  
leg and other injuries and had to be  
killed. One or two others were in-  
jured but will recover.

Because the night was so dark,  
the lights of the machine did not  
strut far enough ahead for the  
driver to stop the machine in time  
to avoid hitting them.

When the machine struck the  
mules it was turned around in the  
ditch and headed south again, and  
then turned completely over and  
landed in the ditch. The top was  
knocked off, and both wheels on the  
left side were smashed into pieces.

Both the young men escaped ser-  
ious injury, which is regarded as  
fortunate, as the machine was  
run to such a great extent.  
When the machine turned upside  
down, the shoulders of the two boys  
were wedged against the car, but  
they were freed from these bruises, they were  
able to escape.

The mules were driven into a field  
the night following the accident and  
were taken on to the Anderson farm  
this morning. One of the mules  
which was injured about the shoulder  
was hauled on a truck, being  
unable to walk.

### AGAINST LABOR ALLIANCE

National Grange Votes Down Pro-  
posal to Join A. F. L.

Grand Rapids, Mich., Nov. 17.—  
Representatives of 600,000 Ameri-  
can farmers and their wives Satur-  
day declined an alliance with union  
labor. By an overwhelming vote the  
national Grange, in annual conven-  
tion here, adopted, in reply to an in-  
vitation extended by Samuel Gomp-  
er for a conference in Washington  
following resolution:

"The National Grange declines  
an invitation for a conference in  
Washington, December 23."

### WEATHER FOR WEEK

Washington, Nov. 17.—Generally  
fair weather is indicated for this  
week in the Ohio valley, with nearly  
normal temperature.

### MACHINE STRUCK BY AN INTERURBAN

Chester Cross Escapes Injury When  
He Drives in Front of I. & C.  
Car Sunday

### ACCIDENT WEST OF THE CITY

Fact That Interurban Hit Side Op-  
posite One Where He Was Rid-  
ing Saved Only Occupant

A big touring car belonging to  
Chester Cross was badly damaged  
yesterday afternoon about three  
o'clock, when it was struck by an I.  
& C. traction car at the Hackleman  
stop, just west of Rushville. Mr.  
Cross, the only occupant, escaped  
injury, which is considered remark-  
able, as the machine was badly  
smashed.

Mr. Cross stated that he slowed  
down when approaching the railroad  
crossing, and that he did not notice  
any traction car coming on the other  
track, so he proceeded. He was driv-  
ing his machine north toward home,  
and the car was the westbound in-  
terurban which left here at 2:52 yester-  
day afternoon.

The right side of the machine  
was smashed in and the front wheel  
broken completely off. The radiator  
was smashed and the engine broken  
in several places. The running board  
on the side of the car which was  
struck was also broken, as well as  
the fenders.

Probably the fact that the driv-  
ing seat was on the side opposite  
that which was struck saved Mr.  
Cross's life. The steering wheel was  
not broken, and that side of the  
machine was not damaged.

Mr. Cross had been to Rushville  
where he had unloaded a car load  
of cattle, and had sent them on to  
his home northwest of Rushville in  
charge of some other people. He was  
hurry to get home before the cat-  
tle arrived.

Today Mr. Cross was stiff and  
sore from the sudden shock, but  
otherwise was not injured, which  
was regarded as fortunate. Many  
people stated today that had there  
been occupants in either the back  
seat or the front seat beside the driv-  
er, on the right hand of the  
machine, the accident would have  
proved much more serious.

The traction car had not gained  
full speed as the crossing is only a  
short distance from Rushville, and  
is on an incline from this city.

### NEWPOINT WOMAN KILLED

Ida Carr Hit by Freight Train While  
Walking Track

Greensburg, Ind., Nov. 17.—Miss  
Ida Carr, age forty-four, of New-  
point was killed Saturday night  
when she was struck by a westbound  
Big Four railroad freight train in  
Newpoint.

She stepped directly in front of  
the train and it is believed, she be-  
came confused. Her eyesight was  
said to be defective. Her neck and  
left arm were broken and head  
bruised. She was on the way to visit  
a relative when the accident occur-  
red.

### TWO LICENSES ISSUED

Marriage licenses have been is-  
sued to Clarence Boren and Ethel  
Huffman and Howard I. Chomel of  
Connersville and Dema Reynolds,  
daughter of Mr. and Mrs. John F.  
Reynolds of this city.

### NOVEMBER TERM IS OPENED

Circuit Court Opens Today After a  
Week's Vacation

The November term of court open-  
ed this morning, and the first day  
was given over to the usual calling  
of the docket and the issues. The  
case set for tomorrow is the Terre  
Haute Brewing company against  
Gray. The calendar is well filled for  
the November term and a busy ses-  
ion is expected. In this term of  
court several persons held on the  
recent grand jury indictments will  
come up for trial. Several warrants  
are yet to be served, as the result  
of the grand jury investigations.

### WILL RESIGN TO BECOME SENATOR

Carter Glass Will Quit as Secretary  
of the Treasury, White House  
Statement Says

### ACTION IS URGED BY WILSON

(By United Press.)

Washington, Nov. 17.—Carter  
Glass will resign his post as secre-  
tary of the treasury to accept the  
senatorship from Virginia offered  
him by Governor Davis, it was stated  
authoritatively at the White  
House today.

Glass, final decision was made af-  
ter President Wilson strongly ad-  
vised that he accept the senatorship.

Glass and Secretary Tamm con-  
ferred Saturday, it was learned.

It was reported that Glass prefer-  
red a legislative post to one in the  
cabinet. Another report stated that  
while Glass was not a sick man, he  
does not enjoy the best of health  
and the treasury post during the  
past year has been very strenuous  
work.

### AGREEMENT OF MINE WAGE SCALE LIKELY

Miners Have not Entirely Receded  
From Demands For 5-Day Week  
and 6-Hour Day

### MORE CONCILIATORY THOUGH

(By United Press.)

Washington, Nov. 17.—Active  
work of drafting a new mine wage  
scale for the central competitive  
field, the great soft coal district of  
the country, started here today.

Committees representing employ-  
ers and workers met to draft the  
schedule.

Leaders representing other mine  
districts were to agree on a wage  
scale based on the rate arranged  
for the central field.

The miners have not yet entirely  
receded from the demands for a five-  
day week and a six-hour day but  
show a disposition to be concilia-  
tory. Indications were that an agree-  
ment even only temporary would be  
reached.

Meanwhile reports were being re-  
ceived of miners returning to work  
in increasing numbers although in  
many places hundreds refuse to go  
back.

Troops are being withdrawn from  
the coal fields, all fear of rioting  
having disappeared.

### FORMER RESIDENT DIES

Friends here have received word  
of the death of Elmer J. Rabb, a  
former resident of this city, whose  
death occurred at his home in Eu-  
reka, Ill., a few days ago. Mr. Rabb  
lived here a number of years ago,  
and moved to Eureka from this city.  
He was a member of the local or-  
der of Modern Woodmen at the time  
of his death.

### CHURCH SHOULD FASHION SOCIETY

W. N. Briney Says When it Fails to  
Serve and Teach, it Should  
Close Its Doors

### CHRISTIAN CHURCH REVIVAL

Louisville Pastor Addresses Two  
Large Audiences Sunday—Sub-  
jects For This Week

The revival meetings at the Main  
Street Christian church continue to  
grow in interest and attendance. At  
the Lord's day morning service a  
large and appreciative audience  
greeted the minister, W. N. Briney  
who is here from the Broadway  
Christian church of Louisville, Ky.,  
where he has been the minister for  
the past fifteen years. Mr. Briney  
is not of the modern so-called evan-  
gelist who makes use of many  
schemes and tricks to excite and  
stampede his audiences, but is a  
plain and earnest preacher. He  
chose for his subject "Jesus at  
Church."

He showed from the scripture  
that Jesus was a regular church at-  
tendant from his youth on through  
life, and that he was there to see  
where service was necessary and to  
render service. He was there to  
teach and he proved himself to be  
the greatest teacher the world had  
ever known. From these truths the  
speaker pointed out the duty of the  
church member and the church to-  
wards society. The church and her  
members should be the first to see  
the necessity of service and render  
service, to see the necessity of  
teaching and to teach. When the  
church fails to teach and serve she  
should write a sign and nail it  
across her doors "closed". The  
church should be the fashioner and  
molder of society, he said. The mu-  
sic for the occasion furnished by  
Homer Cole and his orchestra and  
choir, was excellent and highly  
appreciated.

The attendance at the evening  
meeting was the largest in numbers  
during the series of meetings. The  
large auditorium was filled to over-  
flow and the Sunday school audi-  
torium was comfortably filled.

The minister chose for his sub-  
ject on this occasion "Does Death  
End All". The minister stated that  
the human soul was the most valu-  
able thing in all the world and that  
most men believed in the human  
soul. He showed that after all things  
had passed away and gone the soul  
still lives on and on forever through  
all eternity. He gave illustrations  
in number to show the smallness of  
man's conception of eternity. The  
fact that no one cares to die who is  
normal is proof of the existence of  
the soul, he declared. The argument  
was that man should care for his  
soul and seek salvation for it.

The music for this service was  
most splendidly rendered by Lloyd  
Nelson and Mrs. Georgia Wyatt  
Moore. The meetings will continue  
each evening this week, beginning at  
7:30.

The subjects as announced by the  
minister will be presented as fol-  
lows.

On Monday evening, "Shall We  
Know Each Other There?"; Tues-  
day evening, "The Gentleness of  
Gianthood"; Wednesday evening,  
"Must I Do Anything to be  
Saved?"; Thursday evening, "Why  
am I a Disciple?"; Friday evening,  
"Voice of The Cross".

A general invitation is extended  
to all to attend these meetings.

### KNIGHT TEMPLAR MEETING

Rushville Commandery No.  
49 K. T. will meet Wednes-  
day evening at seven o'clock  
and confer the Temple degree upon  
two candidates. All Sir Knights are  
requested to meet promptly at seven  
for drill practice for inspection on  
November 25th.

### TAX RATES ARE FINALLY FIXED

All But Three Levies Are Greater  
Than Those Originally Made by  
State Commissioners

### TWO SAME AND ONE IS LESS

Majority of Increases Due to Raises  
in Tuition Rates—Rushville  
City Levy \$1.69

The tax rates of the various units  
in the county have been fixed defi-  
nitely for 1920 and there will be no  
further changes made, it was as-  
sured at the county auditor's office to-  
day.

On October 20 the state board of  
tax commissioners sent the 1920  
rates here, but all of them but three  
have been increased since that time  
due to raises for the most part in  
tuition and special school tax levies.  
The rates in two units, Carthage and  
Orange township, remain the same  
as originally fixed, and Washington  
township's rate was decreased one  
cent. The increases range from two  
cents in Jackson and Union town-  
ships and Glenwood to 21 cents in  
Rushville township outside the city.

About a week ago the state board  
sent a tax sheet here and asked the  
auditor to make all changes in rates  
which had been certified here. This  
the auditor did and returned the  
sheet, but that is the last work  
heard from the state commissioners.  
The auditor could wait on the state  
board no longer because of the ne-  
cessity of making up the tax dupli-  
cates before January 1 and if any  
further changes are requested, they  
will be disregarded by the auditor,  
which is his right.

A few of the changes were made  
in the gravel road bond redemption  
levies as a result of a visit of a  
deputy from the state board's office  
here several days ago. He went over  
the gravel road bond redemption  
fund in each township and corpora-  
tion and figured out the rate which  
would be necessary in each unit.

The levies and the difference be-  
tween them and the rates fixed a  
month ago by the state board, are  
as follows:

Carthage, \$1.34, same; Ripley  
township, \$1.03, four cents more;  
Posey township, \$1.06, 16 cents  
more; Walker township, \$1.08, 11  
cents more; Orange township, \$1.13,  
same; Anderson township, \$1.05,  
three cents more; Rushville town-  
ship, \$1.15, 21 cents more; Jackson  
township, 97 cents, two cents more;  
Center township, 88 cents, 4 cents  
more; Washington township, 71  
cents, one cent less; Glenwood,  
\$1.22, two cents more; Union, 96  
cents, two cents more; Noble town-  
ship, \$1.07, ten cents more; Rich-  
land township, 90 cents, three cents  
more; Rushville city, \$1.69, seven-  
teen cents more.

The rates for each unit are di-  
vided as follows, the state, gravel  
road, flood bond and county levies  
not being mentioned in each division  
because they are the same for each.  
The state levy is 18 cents, gravel  
roads six, flood bonds one and  
county tax seven:

### Carthage

Tuition tax 17 cents, special  
school tax 15, township tax three,  
gravel road bonds and interest tax  
25, library tax two, corporation tax  
20, electric light tax 20. Total \$1.34.

### Ripley Township

Tuition 17, special school 15,  
roads 9, township 3, gravel road  
bonds 25, library 2. Total \$1.03.

### Posey Township

Tuition 14, special school 18,  
roads six, township poor 1 cent,  
township free gravel road bonds  
32, library 1 cent. Total \$1.06.

### Walker Township

Tuition 15, special school 25,  
roads seven, township 14, gravel  
road bonds 18, school bonds 7, li-  
brary one, township vocational tax  
14. Total \$1.08.

Continued on Page Five

## WILSON WILL NOT ACCEPT THE TREATY

Inform Senator Hitchcock He Will  
"Pocket" it if it Contains  
Lodge Reservation

### TWO TALK NEARLY AN HOUR

President Directs Administration  
Supporters to Vote Against  
Ratification

### SUBSTITUTE IS PLANNED

If it is Voted Down in Senate, Hitch-  
cock Hopes to Agree on a  
Compromise

(By United Press.)

Washington, Nov. 17.—President  
Wilson today decreed defeat for the  
peace treaty resolution of ratifica-  
tion containing the Lodge reserva-  
tion.

This was the outcome of a con-  
ference the president had with Sen-  
ator Hitchcock, administration lead-  
er, this morning, according to Hitch-  
cock.

The president, Hitchcock declared  
will "pocket" the peace treaty if it  
is ratified with the Lodge reserva-  
tion. This means he will refuse to  
accept it.

Hitchcock and the president talk-  
ed for nearly an hour in Wilson's  
sick room.

The president directed that the  
administration supporters should  
vote against the resolution of ratifi-  
cation being prepared by the sen-  
ate and which contains the Lodge  
reservation.

If it is defeated, Hitchcock will  
place a substitute resolution of ratifi-  
cation before the senate and if this  
is beaten, he hopes for a com-  
promise. However, if the adminis-  
tration senators do not succeed in  
defeating the first resolution the  
president will pigeon hole the treaty.  
He has the power to do this by sim-  
ply laying the ratification aside.

The president is much better and  
is full of fight, declared Secretary  
Tamm today. After the confer-  
ence with Hitchcock, President Wil-  
son rode in the White House grounds  
in his wheel chair. This is the first  
time he left the white house since  
early in October.

## DEMANDS IMMEDIATE RELEASE OF JENKINS

State Department Makes Urgent  
Representations to Mexico  
Regarding Consul

### CHARGES TO BE BASELESS

(By United Press.)

Washington, Nov. 17.—The gov-  
ernment had made urgent repre-  
sentation to Mexico for the im-  
mediate release of William Jenkins,  
American consul of Pueblo, arrest-  
ed by Mexican authorities, the state  
department announced today.

Jenkins was arrested by Mexicans  
on the charge of having conspired  
with the bandits who recently kid-  
napped him, the alleged motive being  
to split the reward.

The state department understand  
that these charges are baseless.

Jenkins was released two hours  
after arrest but was forced to re-  
main in his home.

### INDIANA MINES IDLE

Terre Haute, Nov. 17.—Mines in  
the Indiana coal fields were still idle  
today while mine workers looked to-  
ward formation of a new wage  
agreement.

## WORK IN M. M. DEGREE

Phoenix Lodge No. 62, F. & A. Masons, will have work in the M. M. degree Tuesday evening at 7:30 o'clock. A large attendance is desired.

## Mrs. L. Hixson Gains 36 Pounds

Had Been So Run Down She Could Hardly Stand on Her Feet.

"I only weighed seventy-nine pounds when I began taking Taniae but now I weigh one hundred and fifteen and am feeling better than I have in seven years," was the unusual statement made by Mrs. Lucile Hixson, living at 2632 Broadway, Kansas City, Mo., a few days ago.

"Before I began taking Taniae," continued Mrs. Hixson, "I had become so weak from seven years of suffering that at times I wasn't able to stand on my feet. What I am nearly always disagreed with me and caused awful pains in my stomach and made gas form so bad that I could hardly get my breath. I was badly constipated and had a pain across the small of my back and my nerves were upset. I was troubled with dull headaches just about all the time and often I had fainting, dizzy spells and I was never able to walk any distance before I felt exhausted.

"My uncle recommended Taniae to me and now since it has entirely overcome my troubles I will never get through praising it. I am not troubled with indigestion or gas at all and I am eating anything and everything I want and digesting it perfectly. Headaches and dizzy spells have all left me and my constipated condition has been relieved. My nerves are in fine condition and the pain across the small of my back has disappeared altogether. I have gained thirty-six pounds in weight, can do my housework by myself and I am stronger than I have been in years. Taniae has certainly been the greatest blessing of my life and I will never be able to praise it enough for what it has done for me."

Taniae is sold in Rushville by F. B. Johnson & Co. in Milroy by Dallas Copper in Manilla by Geo. J. Inlow and Arlington by Mrs. L. T. Davis.—(Adv.)

## HOG PRICES STRONG TO TEN CENTS HIGHER

Market is Stronger in Indianapolis With Receipts 1000 More Than Saturday

### CATTLE MARKET IS LOWER

Hog prices were strong to ten cents higher in Indianapolis today with receipts one thousand more than Saturday and the cattle market was lower. Sheep continued steady. The corn market continued easy and oats steady and the price of neither was changed.

CORN—Easy.

### ADMIT THEIR GUILT

Indianapolis, Ind., Nov. 17.—Homer and Mary Sharp of Newcastle indicted on charges of violation of the federal liquor law, changed their pleas from not guilty to guilty before Federal Judge A. B. Anderson today.

### Don't Risk the Flu—Kill that Cold!

DO YOU know that a bad cold is the beginning of most winter sickness? Can you afford to take chances on being sick—having the flu—with doctor bills—and inability to work? Stop the cold right now when it is just starting. You can do it easily—in less than 24 hours if you take a few

**LIGHTNING LAXATIVE QUININE TABLETS**  
Will Not Grip or Sicken.  
They are safe, reliable, satisfactory, used by thousands of households. You'll say they are the best possible treatment for a cold. Try them—only 25 cents at your druggist or dealer.

## OPERATION WAS A BIG SUCCESS

California Prison Doctors Experiment in Transplanting Interstitial Glands

### FROM YOUNG TO THE OLD

They Give "Jazz" to Old Men Who Feel Like Tapping The Fountain of Youth.

San Quentin, Calif., Nov. 17.—When Antonio Lapara, a handsome Italian of 29, is hanged at the prison here on Dec. 19, the youth that has put the spring in his step and the resonance in his voice will be transferred in a measure from his dead body to the living body of one of the old men prisoners.

The means employed will be the surgeon's knife, and the surgeon will transplant the reproductive interstitial glands of Lapara to the old man's body.

This will be the eleventh operation of this nature performed at the prison by Dr. L. L. Stanley, the prison physician, and Dr. G. Stanley Keller, his assistant. All of the ten previous operations have given a measure of youth to the old men who received the glands. They have created something of a sensation in the medical world.

The old man will be chosen from a score of volunteers who have faith in the operation and desire to tap the fountain of youth.

The doctors believe that with the glands goes nothing of the nature that caused Lapara to commit his crime against society. Lapara is sentenced for a blackhand murder. He is a big man of great vitality, and the doctors are waiting with considerable interest to see what measure of this vitality they can transfer to the body of the feeble prisoner to be chosen.

Much of the faith in the operation results from the changed appearance of a prisoner known as B—who daily is seen in the prison yards.

B is 73 years old. Before the operation he was old in every respect. His face bore deep wrinkles, and his step was feeble. He was old also in spirit. His face bore a hopeless look, according to the other prisoners, and his figure was stooped. Now he carries himself with assurance, and professes to have renewed youth. Many of the wrinkles have disappeared. He has lost the timid attitude of an old man and speaks with a deep and assured voice.

Here is published for the first time a copy of the official record of Dr. Stanley who implanted reproductive interstitial glands in B's body:

"B is 73 years old. He was never married. On pleading guilty to a crime indicating proversion he was sentenced to life imprisonment.

"B was received at San Quentin in October, 1917, at which time his weights was 126 pounds, age 70. He had been a bank clerk and rancher.

"At this time physical examination showed him to be bald, pale, hearing impaired, most of his teeth missing, poorly nourished and poorly developed. Otherwise in fair condition.

"He readily consented to the transplantation, which was performed on June 20, 1919.

"The donor in this case was half-bred Indian boy, age 19 years, who was hanged for the murder of a saloon man, whom he and his accomplices wished to rob.

"Within half an hour after the donor's death, the operation was performed.

"Local anesthesia of novocain, one fourth percent, was used. There was no pain.

"The following notes were made at ward visits:

"June 21—Wound slightly sore. No marked change since operation.

"June 22—Feels better this morning.

"June 23—Feels fine. Wound clean.

June 24—Notes similar to June 23.

June 25—The course in his change, as follows: "Patient since operation has improved mentally and physically. Eyes are brighter, and he is more active mentally and physically than a man many years his junior. Appetite excellent. Nerves are steadier. Anxious to be about doing something of interest. Before operation was naturally reticent, but is now positively emphatic. Summing up the whole demeanor of the patient six days after operation, he has more pep and jazz and increased mental energy than most men many years his junior. At ward rounds patient remarked that he felt like a fighting cock. Said he wanted to get out to hit someone."

"The patient, according to the record, was able to be up on July 10. "Incorporated in the record is a letter from B—in which he states he is quite sure he has received a new lease on life and that it will be of permanent value.

B told the United Press, over four months following the operation that he felt like a young man. There was nothing retiring about him.

"I hope to be paroled from prison," he said, "and if I am, I shall marry if I find the right woman."

Mrs. Clem Grull of the Little Flatrock neighborhood who underwent an operation for appendicitis Thursday at Dr. Sexton's hospital, is getting along nicely.

## BACKACHE? RHEUMATISM? RUN-DOWN?

Those of us who are past middle age are prone to eat too much meat and in consequence deposit lime-salts in the arteries, veins and joints. We often suffer from twinges of rheumatism or lumbago, sometimes from gout, swollen hands or feet. There is no longer the slightest need of this, however, as the new Prescription of Dr. Pierce's called—"Auric" (anti-uric-acid) is bound to give immediate result as it is many times more potent than lithia, in ridding the impoverished blood of its poisons by way of the kidneys. It can be obtained at almost any drug store, by simply asking for Dr. Pierce's Auric for kidneys or backache. It will overcome such conditions as rheumatism, dropsical swellings, cold extremities, scalding and burning urine and sleeplessness due to constant arising from bed at night. If you wish to give "Auric" a trial send Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., ten cents for a trial package.

## Many of Your Neighbors Can Say the Same

Cosham, Ind.—"I wish to state that I used Dr. Pierce's Auric Tablets about four and one-half months, and am cured of rheumatism and constipation, after suffering about eight years. Auric is the greatest blessing that ever was bestowed upon me. If any one who is suffering would like to ask me any questions in regard to 'Auric,' I will gladly answer, or do anything in my power to help suffering humanity."

—ARTHUR J. BICKEL, 614 North Main Street.

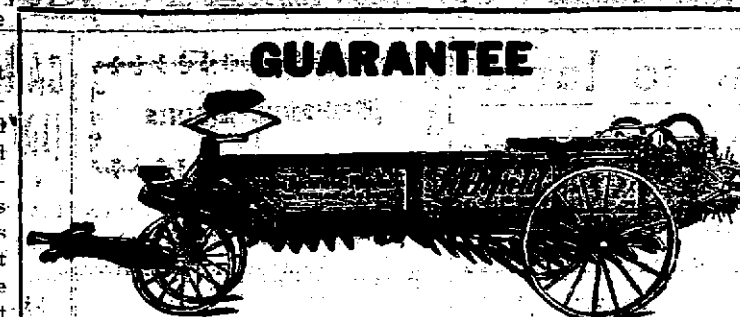

## Store Your Car Where You Will—But Store Your Battery With Us

We will give your battery the kind of attention which it rightly deserves when out of service.

We will look after it regularly, give it expert attention all winter long, relieve you of this detail and see to it that your battery does not deteriorate unnecessarily during the idle period.

If you're going to "lay up" your car for the winter, it will pay you to learn more about battery storage at the "Exide" Service Station. Give us a call, regardless of the make of battery you are using.

## GUARANTEE

The lawful meaning of the word "guarantee" is this: The guarantor and the person receiving the guarantee become parties to a contract. The third party to this contract is the article guaranteed. When the Spreader is guaranteed for five years against all flaws and defects, etc., in workmanship or material or construction, this MEANS something and becomes a real PART of this modern machine.

Our guarantee is issued on a special form provided by the factory and goes to the factory for official signature and to be made a record of. This is REAL protection.

I don't want to sell you the "RUSHVILLE SPECIAL" Spreader because of the guarantee alone, but this guarantee should show you that you are protected and that the builders know what they can do and are prepared to do it.

The reason the "RUSHVILLE SPECIAL" Spreader can be guaranteed in this manner is because of the style of general construction and because the factory that builds it makes every part and piece that goes into it. This factory is not an assembling institution, but a real manufacturing plant.

We want to again emphasize the fact that this spreader is selling as cheap and perhaps more cheaply today than it will be in many months to come. Don't therefore, delay your purchase. Buy it now—immediately. Take advantage of what it can do for you. Don't put off this good thing. It won't pay. Come in and see the "RUSHVILLE SPECIAL" Spreader.

RUSHVILLE, IND.

## Hog Cholera Controlled

In 1914 our United States government made a large appropriation to finance a move in fifteen counties of fifteen different states to demonstrate that hog cholera could be controlled. The service of the veterinarians were offered to the farmers, yet the vets under instructions refused to vaccinate or treat a herd until after they had killed and dissected the sickest pig or hog where they were called.

Afterwards, reports show that every hog sick and dissected was found to be absolutely full of worms from four to seven inches long. The vets explained that hogs badly invested with these worms were weakened to such an extent as to render them many more times susceptible to disease, cholera in particular. They explained further, that in several large herds of hogs, through which cholera had run its course there was from one to two or three individual hogs constantly among the dead or dying that never showed a sign of disease. The vets explained that these immune hogs were entirely free from intestinal worms and explained that if all hogs were kept absolutely free from worms, as very few hogs are, that outbreaks of cholera would SELDOM or NEVER occur.

## Acme Worm Bouncer

positively expels the free intestinal worms and prevents those worms which are the cause of over ninety per cent of the diseases common to hogs for the small sum of six cents per month. Hogs and feed at the present prices, no feeder can afford to take the chances of worms and over ninety per cent of the disease when those conditions are and can be prevented by the use of ACME WORM BOUNCER, fed in self feeders.

# CANDIDATE EXHIBIT JACKSON DAY DINNER

Democratic Party Leaders Are Casting About for Plans for Event January 8.

**AFFAIR MAY NOT BE HELD**

Washington, Nov. 17.—Democratic party leaders are casting about for plans and specifications for the Jackson Day dinner January 8.

It may be the dinner will not be held because of the President's illness but if it is held there is talk that the democratic candidate for 1920 will be brought forth and unveiled at this function.

Some aver that President Wilson may run again but this is not generally believed here, in view of his condition, and likewise in view of the results of recent elections which are not at all encouraging for the third-term advocates.

If the dinner is given and those present are given to understand they can freely discuss other candidates than Mr. Wilson without fear of White House displeasure and punishment, it is expected a long list of names will be up for consideration and contemplation.

The list will include Palmer, McAdoo, Baker, Pomerene, Hitchcock, Clark, Underwood, Marshall, Cox, Daniels, Bryan, Owen and several others. They will be put on exhibition and the diners given a chance to assess their merits.

—Mr. and Mrs. Marion Banta of Chicago have arrived here to spend the winter. They will reside in their property in West Fifth street.

—Dr. and Mrs. E. I. Wooden have been called to Olney, Ill., on account of the serious illness of their daughter, Mrs. Katherine Wieland.

—Mrs. O. F. Bassard and Mrs. George Moore were among the Indianapolis passengers this morning, where they spent the day with friends.

—Mr. and Mrs. Roy Jones have moved from the Gullin property in North Morgan street to their new home in North Perkins street which has just been completed.

—Miss Pearl Coers of Manilla, Miss Lona Chaney of Glenwood, Ralph Winslow and Roger Kennedy of Carthage, attended the dance at Greensburg Thursday night.

—Mr. and Mrs. W. T. Simpson will leave tomorrow for their home in Roswell, New Mexico after an extended visit here with Mr. and Mrs. B. O. Simpson and other relatives.

—Miss Pearl Coers of Manilla, Miss Lona Chaney of Glenwood, Ralph Winslow and Roger Kennedy of Carthage, attended the dance at Greensburg Thursday night.

—Mr. and Mrs. W. T. Simpson will leave tomorrow for their home in Roswell, New Mexico after an extended visit here with Mr. and Mrs. B. O. Simpson and other relatives.

—Miss Pearl Coers of Manilla, Miss Lona Chaney of Glenwood, Ralph Winslow and Roger Kennedy of Carthage, attended the dance at Greensburg Thursday night.

—Mr. and Mrs. W. T. Simpson will leave tomorrow for their home in Roswell, New Mexico after an extended visit here with Mr. and Mrs. B. O. Simpson and other relatives.

—Miss Pearl Coers of Manilla, Miss Lona Chaney of Glenwood, Ralph Winslow and Roger Kennedy of Carthage, attended the dance at Greensburg Thursday night.

—Mr. and Mrs. W. T. Simpson will leave tomorrow for their home in Roswell, New Mexico after an extended visit here with Mr. and Mrs. B. O. Simpson and other relatives.

## Thanksgiving Linen

EVERY woman adores fine, snow-white table linens, and for the time-honored Thanksgiving feast she is particularly careful that none but the best are used. These particular housewives whose linens are not up to their usual high standard of excellence, and are planning the purchase of a new supply, will be especially interested in our linen section.

Our department was never more complete than at the present. We consider this quite fortunate taking into consideration the situation of the linen market today.

EXTRA FINE SETS	LUNCHEON SETS
1 set all pure warranted linen, 81x81 cloth—1 dozen napkins to match—size of napkins 22 inch—complete set, priced at \$20.00.	1 set pure linen—cloth and one dozen napkins—size of cloth 72x72—set complete \$12.50.

### TWO KILLED AT CROSSING

Port Wayne, Ind., Nov. 17.—Two persons were killed and one so seriously injured that he will die, when an Ohio electric interurban car struck an automobile at Tillman's crossing, fifteen miles east of Port Wayne, at 4 o'clock Sunday afternoon.

The Olympic games were to have been held in 1916 in Berlin, but were called off on account of the war.

## What we have to say about The New Edison

Those who wait until the holiday rush starts will have to take whatever models are left. Though the NEW EDISONS are scarce and our ability to get shipments from the factory is far behind last year's, we will put one in your home at once on very liberal terms. It is becoming increasingly difficult to get certain models at this time, and if you are contemplating using your XMAS SAVING for one of these instruments we will be glad to accommodate you with the instrument at once, or select what you want for later delivery.

**PLAYS ALL RECORDS**

### Don't Put Off Buying The EDISON. Prices from \$41.00 to \$6,000.00

## World Freedom For Children

The International Working Women's Congress convening in Washington adopted unanimously a recommendation that all nations enact legislation prohibiting industrial labor by children below the age of 16, and by children over 16 who have not completed a course in the elementary school and been declared fit by a medical officer.

It may not seem very radical for this country, where agitation for these provisions is an old story, and where in some states there are laws covering this very ground. But consider the children in China if this recommendation could be enforced!

What a leap forward it would give the whole world if children everywhere could be given freedom and fun and education, physical and mental, for the first sixteen years, without the press of hard labor.

The adult laborer who has toiled at gainful occupations before his time is seldom a competent, skilled workman. Even if he becomes that by some miracle, his health suffers. And his education has already suffered by the mere fact of laboring while he should have been at school or at play.

Bits of household or out-door work, a child, of requirements and duration proportionate to his health and strength, which teach him to be helpful and give him skill and strength, should be part of every child's life. They are a needful factor in his education.

But labor at gainful occupations does not belong to childhood. It is extravagant both for the child and for the community. Children in China and England and Arabia and our own cotton mill states are no exception to this rule. The International Working Women's Congress has done well to recognize these facts.

## Push Yourself Along.

Some people sit through life waiting for others to push them along. If they are shoved aside in the scramble they are peeved. Their talents have not been properly recognized.

If they are forgotten in the hurry-hurry they become a grouch. The world is topsy-turvy.

"ONLY ONE THING  
BREAKS MY COLD!"

"That's Dr. King's New Discovery for fifty years a cold-breaker"

NOTHING but sustained quality and unfailing effectiveness can arouse such enthusiasm. Nothing but sure relief from stubborn colds and coughing new ones, and grippe, throat-tearing coughs, and croup could have made Dr. King's New Discovery the nationally popular and standard remedy it is today. Fifty years old and always reliable. A bottle in the medicine cabinet means a short-lived cold or cough. 60c. and \$1.20. All druggists.

## Regular Bowels Is Health

Bowels that move spasmodically—free one day and stubborn the next—should be healthfully regulated by Dr. King's New Life Pills. In this way you keep the impurities of waste matter from circulating through the system by cleansing the bowels thoroughly and promoting the proper flow of bile.

Mild, comfortable, yet always reliable, Dr. King's New Life Pills work with precision without the constipation results of violent purgatives. 25c. as usual at all drug stores.

## Sap and Salt

By BERT MOSES

Big men come from small towns.

The first rule of health is to thoroughly chew your food.

Why try to pick a winner when it is so much easier to pick a loser.

Bad teeth have kept many a child from getting a good education.

Hez Heck says: "Among the other joys of being boss is that of having to pay the bills."

It would help a whole lot if the people had a little more power and the Government a little less.

And so they drift along from one year to another, peevish, growling, grouching through life to the doleful tune of their own shiftless incompetency.

It's a mistake—the wrong perspective of existence.

Life is too short to worry about the fellow who lags behind.

The man who won't push must expect to be shoved.

Pushing is a great game. It gets you somewhere. The harder you push the farther you go, and if you push hard enough and often enough and long enough you can reasonably expect to push yourself to the top.

Push with a will and a purpose and with a definite goal in view. Set your aims so high that it makes you dizzy even to dream of them—and remember that only pushing will get you there.

You may not reach the pinnacle of your desires, but you will climb to heights which will stamp you a man of men.

The pusher is a man of parts.

The laggard is but part of a man.

A man who wanted to eat the h. e. of I. bought a goat for \$25. Now he is suing the former owner, on the ground that the goat kicked so he couldn't milk her. What does he expect of a goat, anyway?

Now former Chancellor Von Bethmann-Hollweg says that he was responsible for the Kaiser's speeches. The world thought better of Bethmann-Hollweg than that.

Congress, by the way, shouldn't object so much to criticism. There has to be some national goat, and that's one of the things congress is for.

The labor congress at Washington seems to be getting about as much done as congresses there usually do.

Wonders will never cease. A coroner and an assistant secretary of war want their jobs abolished.

PURDUE ENTERS NEW  
FIELD OF ENDEAVOR

Short Course to Teach Telephone Operation and Maintenance is Started Today

TO CONTINUE UNTIL DEC. 12

(By United Press.)

Lafayette, Ind., Nov. 17.—Purdue university today launched into a new field of endeavor—the teaching of telephone operation and the maintenance of telephone lines.

A short course designed for telephone men, operators and others interested in telephone operation was opened under the direction of the school of electrical engineering. The course will continue until December 12.

Lectures and demonstrations will feature the course. There will also be a series of thirty practical problems beginning with fundamentals and progressing through work on instruments parts and circuits and then dealing with trouble location. The course is free of charge, each student to furnish his tools.

## MEETINGS UNDER BAN

Public meetings have been put under a ban by the Shelby county health commissioners because of an epidemic of scarlet fever in that town. One serious case and a number of minor ones are reported, but physicians say there is no cause for great alarm.

SOFT COAL MINERS  
LIKELY TO RETURN

Peace in All Industrial World Sees  
as Possible Outgrowth of Conference

## MINING CONGRESS OPENS

American Organization Represents  
The Large Owners and Operators  
of Mines in U. S.

(By United Press.)

St. Louis, Nov. 17.—Return of the national soft coal miners seemed likely today as mine operators and striking miners' representatives gathered here for armistice negotiations.

Peace in all the industrial world was seen as a possible outgrowth of the sessions being attended by American Federation of Labor officials, representatives of capital, the public and government officials.

The new "conference of Versailles" opened in conjunction with the twenty-second annual convention of the American Mining congress. The convention will be in session five days.

The American Mining congress represents the large owners and operators of mines throughout the United States. Samuel Gompers, president of the American Federation of Labor, government officials and public delegates were invited to gather with the congress in a final hope of bringing warring capital and labor to an understanding.

Findings of the National Industrial Conference, held in Washington three weeks ago, will be put before the gathering. The decisions of the United Mine Workers of America reached at the recent Cleveland convention and proceedings of the Coal Wage conference in Buffalo also will be considered. These will form a working basis for the conference.

Seeking adjustment of industrial conditions the following program was announced as a guide for the conference.

Proposed nationalization of industry.

Industrial relations.

Relation of mining to labor.

Relation of mining to government.

Relation of mining to national finance.

Freight rates in relation to industry.

Conservation and protection of wasting industries.

National blue sky laws.

Public lands and water power.

International petroleum situation as related to the United States and Mexico.

Increased production in mining and on industry.

The National Exposition of Mines and Mining, expected to be the largest held in the middle west, and a national gold conference of War Minerals Producers will be held during the week in conjunction with the congress.

Industrial troubles of the nation are the fault of:

Minimum level of production of coal, metal, and oil with maximum costs for labor, supplies and transportation.

Inflation of national currency.

Continued demand of labor radicals for nationalization of basic industries, and

Labor's demand for shorter hours to prevent idleness.

That is the summary of the situation as outlined in the call for the "unofficial" round table peace conference.

## NOT A THEORY

It's a fact that the use of alcohol even in moderate doses as taken in tonics is often habit-forming in effect.

## SCOTT'S EMULSION

an easily assimilated tonic—supplies the body with those elements that contribute to strength. Free from alcohol or any other harmful element, Scott's builds strength by nourishment.

## Our Daily Laugh

New and Bright Yarns That  
Will Tickle You and Will  
be Relished by Your Friends  
When You Repeat Them.

Wilkins hadn't been home for a year, and he hastened to the Walters homestead, hoping to meet one or two of the family who nestled deep in his affections; particularly Lady Betty. As he trailed the picket fence a rather active dog busied himself yapping and snarling at him. The dog was a newcomer. He'd never seen a dog in that homestead in prior years. Lady Betty appeared at the porch and called:

"Come right in! So glad to see you, Dave."

"Thanks," said Dave, keeping an eye on the dog, "glad to see you—"

"Come in! Come in—"

The dog was overly-active and trying to leap across the fence.

"I say, Betty, will that dog bite?"

"That's what I don't know. Come in! I only bought him this morning."

(Contributed by Miss Mary Jamison, 709 Madison Ave., York, Pa.)

## GRANDMOTHER KNEW

There Was Nothing So Good  
for Congestion and Colds  
as Mustard

But the old-fashioned mustard-plaster burned and blistered while it acted. Get the relief and help that mustard plasters gave, without the plaster and without the blister.

Musterole does it. It is a clear, white ointment, made with oil of mustard. It is scientifically prepared, so that it works wonders, and yet does not blister the tenderest skin.

Gently massage Musterole in with the finger-tips. See how quickly it brings relief—how speedily the pain disappears.

Use Musterole for sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bitten feet, colds of the chest (it often prevents pneumonia).

30c. and 60c. jars; hospital size \$2.50.

Currant  
Roll

WHEN appetite flags, try one of these bread dainties in place of Plain Bread. Ours are the best you ever ate.

# **GOES ON TRIAL FOR MURDERING POLICEMAN**

**Uphaw Northington, Colored Giant,  
Accused of Killing Sergt. Hall  
in Indianapolis**

## **DURING RAID ON CRAP GAME**

(By United Press.)  
Indianapolis, Ind., Nov. 17.—Uphaw Northington, the black giant of Indianapolis' darktown, was to go on trial in criminal court here today on a charge of murdering Police

Sergt. Hall. The negro, known among his associates as "Big Boy," is charged with having fired a gun at Hall when the sergeant burst into the room where the game was in progress. Northington escaped then, but was captured and formally charged with the murder. He has stolidly maintained his innocence. The city police department was thrown into a furore by Hall's murder. A net was spread tightly over

Indiana avenue—the fifth avenue of the capital's negro district—and games of chance were raided on every side.

## **FRANKLIN CAR Reliability and Air Cooling Superiority Again Demonstrated by a 98.2 Mile Non-Stop Low Gear Run Ending at Top of Famous Mt. Washington**

**O**N August 17th, a Franklin stock model touring car ran all the way from Portland, Maine, to the top of Mt. Washington in New Hampshire on low gear without a stop. This remarkable feat is the latest public proof of the superiority of Franklin Direct Air Cooling (no water to boil or freeze).  
This car, just such a one as thousands of Franklin owners are driving all over the country, carried three official observers besides its driver and averaged 11.1 miles per hour—on low gear.  
The Franklin had already run ninety miles on low gear without a stop before reaching the base of Mt. Washington—in itself a test never duplicated by other cars.  
Then, without halt, came the real test the Franklin had set out to perform—a climb to the top of Mt. Washington, an elevation of 6290 feet.

*Direct Air Cooling, eliminating Radiator, Water, and 176 other Delicate Parts, means less Weight, less Trouble, greater Simplicity, and better Results, as this test shows.*

Rain soaked, slippery roads; no chains; no stops permitted—these were the added difficulties to a performance generally considered impossible even under the best conditions. But the Franklin reached the summit overcame the final obstacle of a 27% grade in perfect running shape and returned to Portland the same day.  
By official observation, the Franklin did not show the slightest trace of wear and tear or overheating, its engine performing with absolute regularity on all grades as well as on level going.  
Ability for eighteen years to demonstrate consistently this kind of performance is what has made the Franklin known as the most practical fine car.

20 miles to the gallon of gasoline  
12,500 miles to the set of tires  
50% slower yearly depreciation

Dr. Mary Putman Jacobi in 1865 was the first woman admitted to the college of Medicine in Paris.

Back Hurt?

When the kidneys do not properly do their work or purify the blood, waste products and poisonous acids remain in the system and cause backache, rheumatic pains, lumbago, sore muscles, swollen joints, stiffness, lame back and similar symptoms.

Foley Kidney Pills

regulate and restore the healthy, normal action of kidneys and bladder, bringing clean blood and better health, with freedom from aches and pains.

J. George Hodgins, Birmingham, Vt., writes: "Last fall I was attacked with lumbago and suffered untold agony. I had a severe pain across my back and at times could not dress or undress myself. I was advised to take Foley Kidney Pills for my trouble. After taking them for a few days the pain in my back left me and I have not had any lumbago since that time, although that was months ago. I recommend Foley Kidney Pills to all who have lumbago."

Yes; S. S. S. Is Purely Vegetable Nature's Safe Blood Treatment

On the Market Half a Century. When you are in perfect health, and are enjoying a strong and vigorous vitality, it is then that your blood is free from all impurities.

You should be very careful and give heed to the slightest indication of impure blood. A sluggish circulation is often indicated by

an impaired appetite, a feeling of lassitude and a general weakening of the system. It is then that you should promptly take a few bottles of S. S. S. It will aid in cleansing the blood and build up and strengthen the whole system. S. S. S. is sold by all druggists. Valuable information about the blood supply can be had free by writing to the Swift Specific Co., 20, Swift Laboratory, Atlanta, Ga.

ADDITIONAL SOCIETY

(Continued From Page 6)

ing Miss Frances Frazee and Miss Ruth Innis, two bride-elects. The color scheme for the decorations of the home was yellow and white. A large bouquet of Aaron Ward roses and smilax formed the centerpiece for the table and miniature brides and bridegrooms marked the places for twenty-nine guests. The out-of-town guests present were Mr. and Mrs. George DeHority of Elwood, Mr. and Mrs. Arthur Wagner of Shelbyville, Mrs. Maud Shields of Chicago, Ill., Jay Drum and Louis Frazee of Miles City, Montana.

\* \* \*

Friends and neighbors of Mr. and Mrs. Nick Myers completely surprised them Friday evening at their home near Glenwood. Games, music and dancing were enjoyed until a late hour when a delicious pitch-in supper was served. The guests were Mr. and Mrs. Forrest Brooks, Mr. and Mrs. Vernon Brooks, Mr. and Mrs. Earl Ruff, Mr. and Mrs. Russell Ruff, Mr. and Mrs. Tom Mosburg, Mr. and Mrs. Russell Coons, Mr. and Mrs. Elmo Hires and family, Mr. and Mrs. Harry York and son Harold, Mr. and Mrs. Dan Laughlin and daughter Martha, Mr. and Mrs. Ray Carpenter and daughter Frances, Mr. and Mrs. Carlton Chaney and daughter Lona, Mr. and Mrs. Jas. Peterson, William Coers, Clarence Carney, Charles Chaney and the Misses Mable and Pearl Coers.

\* \* \*

Denning Havens was a gracious host at a prettily appointed tea Sunday evening at his home, 538 North Perkins street, for Miss Frances Frazee, whose marriage to Jay D. Drum of Miles City, Montana, will take place tomorrow. One hundred guests were present, including a number from out of the city.

Shades of various hues concealed the lights which cast a mellow glow through the rooms of the house and fall flowers were arranged tastefully in wall pockets and vases.

Miss Helen Schnell, harpist, and Earl Miller, violinist, both of Indianapolis played during the evening and Miss Agnes Hodgins of Indianapolis sang.

Serving the guests were the Misses Charming, Lavina Compton, Elizabeth Pierson, Mary Louise Wyatt,

Helen Thomas, Helen Gray, Reba Beale and Marguerite Kelly.

Guests from a distance were Mr. and Mrs. Arthur Wagoner of Shelbyville, Miss Hodgins, Byron Moore, William Lally, Jack Crawley and Walter Nicholas of Indianapolis, Mrs. Earl Smith of Delphi, Mrs. Maud Shields of Chicago, Mr. and Mrs. George DeHority, of Elwood, Mrs. Allen Messick of Marion, Mrs. Russell Skipton of Pittsburg, Mrs. Wesley Kelly of Minneapolis, Miss Essie Mae Frazee of Connersville and Lewis Frazee and Mr. Drum of Miles City, Montana.

SEEKS TO REGAIN ITS COMMISSION

Spiceland Academy Will Give Assurances That no Public Funds Will be Received

VIOLATED STANSBURY RULING

Representatives of the academy at Spiceland, near the Rush-Henry county line, the high school commission of which was revoked by the state board of education, conferred with Ele Stansbury, attorney general of Indiana, and E. B. Wetherow state high school inspector, in Indianapolis Saturday. The board revoked the high school standing of the school upon the recommendation of Mr. Wetherow on the grounds that the institution is receiving state funds in defiance of the provisions of an opinion of Mr. Stansbury. It is alleged that the school had received public money on account of transfers of high school pupils to the school.

It is said representatives of the school will appear before the board at its next meeting and make an attempt to have the board rescind its former action. It is also said that the school will give assurances that no public funds will be received in opposition to the law as interpreted by state officials.

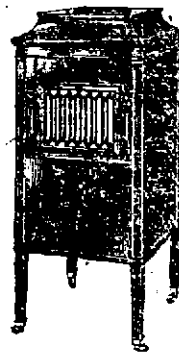

FLORA SUTTON IS FINED

Mrs. Flora Sutton, who was placed in jail Saturday on a charge of defrauding a boarding house keeper, was arraigned late Saturday afternoon before Mayor Irvin and entered a plea of guilty. She was fined a dollar and costs which was paid. The charges were preferred by Mrs. Zelma Levi of West Second street.

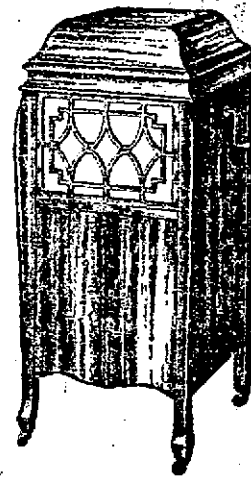

A curious consonant change in the Dakota Sioux language took place when the Dakota Sioux branched from the remainder of the tribe and substituted the letter L for the letter D throughout the language. Otherwise the languages are similar.
